My dear Shri Nagarkar,

I am glad to get your reply dated 2nd March 1968 addressed to Dr. Hardikar, together with the Statements of Accounts, which are being scrutinised and you will be communicated the result thereof soon.

At the outset, it is observed from the Statement ending in July1967, that a donation of Rs.2000/- has been debited to the account of our 'Fund' for payment to Janata Shikshana Samiti, Dharwar, for the years 1965-66 and 1966-67 at Rs. 1000/- each. In this connection I would like to invite your attention to our letter dated 21st October 1965, wherein you were requested to send Rs. 1000/- only, to Janata Shikshana Samiti, which was the last instalment due to that Institution. This amount was paid on 5-9-1966 vide your letter of even date. However, it seems that another sum of Rs. 1000/- for the subsequent year was debited to 'Fund's' account, perhaps inadvertantly, since there was no sanction for this disbursement, nor were you advised to send Rs.1000/- to Janata Shikshana Samiti for the fourth year. This may please be verified and result thereof may please be intimated to me.

Thanking you,

Yours sincerely,

I hope you have consented to become the Managing Trustee of the Kaujalgi Trust as requested by Shri Divakar and me. As we have to inform the Bank that hereafter you would be operating on account as Managing Trustee, and also the Charity Commissioner. I request you to please inform your consent.

I had sent you a copy of the letter I wrote to Shri Nagarkar of the Poona Tilak Trust Fund. You might have seen that they have debited our account by Rs.1000/- twice, which is wrong. I have not yet received his reply. We must do something to safeguard our interest

So far I can recollect, the Institute has published three books. I am having with me a copy of ಸಂಯುಕ್ತ ಕರ್ನಾಟಕ and ಸ್ವಾತಂತ್ರ್ಯಾನಂತರ ಕರ್ನಾಟಕದ ಹಿಂದಿನ ಪ್ರಗತಿ and the third publication is missing. Date 12th March, 1969

My dear Doctor,

According to the Circular Resolution dated 7-8-1963, a sum of Rs.1000/- was to be given to the Institute of Economic Research of the Janata Shikshana Samiti, Dharwar, once a year, for three years, for conducting talks and/or seminars on important problems, in memory of late Lokamanya Tilak. Thus a total sum of Rs.3000/- should have been given to the Institute. But on verification of the accounts, it has been noticed that a sum of Rs.1000/- has been paid inadvertantly, in excess of the sanctioned amount, by the Lokamanya Tilak Purse Fund Trust, Poona, vide their letter dated 14-5-1968, (copy enclosed) which has been confirmed by the Institute of Economic Research, J.S.S., Dharwar, in their letter No.IER/726/68-69 dated 6-1-1969 (copy enclosed). Since the amount of Rs.1000/- drawn in excess, is stated to have been spent by the recipient Institute - except for the balance of Rs.326-17, which is stated to be required for getting the lectures of Dr. J.D. Sundaram, printed and since the recipient Institute requests for the post facto sanction, vide their letter No.IER/644/68-69 dated 22-2-1969 (copy enclosed), a resolution is required to be passed by this Branch to regularise the inadvertant error committed by the Lokamanya Tilak Purse Fund Trust, Poona.

I therefore propose to send the following Circular Resolution to all members of the Trust for approval:

"Resolved that an additional sum of Rupees One Thousand (Rs.1,000/-) Only, in addition to the sum of Rupees Three Thousand (Rs.3,000/-) already sanctioned and paid to the Institute of Economic Research of the Janata Shikshana Samiti, Dharwar, for holding seminars on important rural problems and publishing the same, acknowledging the help given by the Lokamanya Tilak Purse Fund Trust, for the year 1966-67."

Have paid

Kindly let me know whether my proposal is in order. On hearing from you I shall proceed in the matter.

My Dear Doctor,

As Babu put it in his letter to you, I left on 9-4-1969 with a heavy heart. I have created my own burdens and calls to duty which prevent me from taking more rest than is absolutely necessary

Re: Bills etc.,

I have taken counsel with friends and am sending the Institution a Cheque for Rs.500/- only. The reason is quite clear. A public Institution of the type you and Dr.Vaidya are running, should not be deprived of its legitimate dues from one who has taken full advantage of the services and who is able and willing to pay.

If for any reason you do not wish to make a bill, this may be treated as a donation.

I do not wish to be indebted to a public Institution, our affection and feelings for each other notwithstanding.

I wish you long and healthy life.

It is a pity that we are loosing great men one by one. Dr. Zakir Husain was not an exception.

When we look round, we hardly find ~~no~~ any one equal to him.

I have noted that the observence of your Birth-day has been post-poned.

Sri Mangali has written a long ~~tinod of~~ typed two pages, closely typed, comenting my approach. I never said that guests who comes there should fast! However, he has mistaken the sprit in which I wrote. Subsequently I sent him a message through Hubli that he is free to do what he likes. My dear Jayantrao,

As per Shri Nagarkar's letter of 2-3-1968. I find that out of Rs.28,200/- (The share of Karnatak branch) Rs.25,500/- are invested in the fixed Deposit at 7% and the balance of Rs.2,700/- is still in 4% and 3% investments. Please see that this amount also is invested in securities which yield at least 7%. If the entire amount of Rs.28,200/- is invested in 7% securities, the Karnatak Branch should be getting annualy Rs.1974/-. Please let me know if I am correct so that we can take up new schemes accordingly.

Now the Tilak Purse Fund of the Karnatak branch has passed a Resolution to donate Rs.5,000/- to the Karnatak Health Institute, Ghataprabha, to provide Concessional medical aid to social workers or their dependents. I am enclosing herewith a true copy of the resolution. As per Shri Nagarkar's letter of 2-3-1968. the amount to our credit up to 31-7-1967 was Rs.2,526-15 taking into account the interest for 1968 and also for 1,969, I think that the amount to our credit would be more than Rs.5,000/-. I therefore request you to kindly arrange to send a draft in favour of the Karnatak Health Institute, Ghataprabha, for Rs.5,000/- (Rupees Five Thousand) only as per the Resolution, a copy of which is attached herewith.

I wish that all the three branches of the Tilak Trust Fund should meet once a year to exchange views and find out ways and means of utilizing the amounts more effectively. If you inform the date whom your and Vidarbha committees meet I will ask Mr. Koujalgi our Hon. Secretary to represent our Committee.

Hoping to hear from you and with best wishes.

Sir,

I am one of those who contributed Rs.One Thousand (Rs. 1,000/-) to the memorial fund. The idea in creating this fund was to organise village service of a permanent nature as Hanamantrao's was a life of dedication to the village service.

Rs. 30,000/-(Rupees Thirty Thousand) were collected in all. More could not be collected on account of various difficulties.

I now learn that Rs.Twenty five thousand (Rs. 25,000/-) have already been exhausted leaving only a balance of Rs. Five-thousand (Rs.5,000/-) Though the bulk of the fund has been exhausted, nothing of a permanent nature has been achieved.

The Karnatak Health Institute in Ghataprabha is an ideal institution, located in the midst of villages, giving medical relief with organised village health service, educating the villagers in matters of health and sanitation, and promoting social conciousness amongst the villagers. It has helped to organise maternity centres in villages. It has undertaken welfare extension project, covering about 30 villages for welfare of women and children, and is conducting a craft school for helping village women to learn and earn their livelihood. Annually Holiday-homes are held in the premises of the institute for children of poor village parents. Village leaders conferences take place in the premises when problems of the villages and salutions to them are discussed.

Top leaders as well as others are talking ~~after~~ often about such constructive work. But here is an institution doing actual work.

I propose that the balance of Rs.5,000/-left out of the memorial fund should be given as a contribution to the ಮೀಸಲು ನಿಧಿ (reserve fund) of Karnatak Health Institute

My Dear Doctor,

Your letter of 24th inst. to hand.
I enclose herewith an extract from the Trust Deed of the Kaujalgi Trust which says that money should be spent on the study of rural problems and on publication of Kaujalgi's writings.

Accordingly the money so far was spent on:

1) Publishing his Biography.
2) Aid to publish his Marathi Writing.
3) Grant to Karnatak University to conduct research in Sheep wealth of Karnatak.
4) Grant to Economic Research Institute of J.S.S. to conduct seminars on rural problems.
5) Conducting a rural monthly e.g. Kamadhenu.
6) Grant to the publication of Hosabalu another monthly published by J.S.S.

Thus you will please see that the amount is spent as per the objects of the Trust Deed.

Now we have made proposal to J.S.S. to let us know if they can hold seminars on rural problems, for which we can give a grant to be renewed every year or three years. We are awaiting for their reply.

Secondly the balance of the Trust fund to day after meeting all the above expenses is Rs.17,000/- and not Rs.6000/- which please note.

Your proposal has already gone to doctor and Shri Diwakar. If it can fit in with the objects of the Trust I think the Trust will be too glad to contribute its might to the K.H.I.

With best regards,

Yours Sincerely

Please let me have your opinion to write to him suitably.

It is from Madhukonjalgi. Please see what use you can make of my proposal. You have sent me ~~one~~ to a letter from one Shri Subnis. It is not addressed to me by name. If it is enquiries about Ananda, I have informed Shri Subnis that there is no idea of marriage for a year more. I do not know why Karmarkar has prolonged his stay there? I think Smt. Ananda is in good health. Any trouble about health? I received Krishna's letter just now. He has registered for Ramdroog as stated to his pleasure. I hope you are keeping well

Dated, 11-6-1969

My dear Dr.Hardikar,

I am in receipt of your post card of the 6th instant. I am grateful to you for the same.

Shri R.R.Diwakar has informed that the proposal sent by Dr.N.B.Kabbur about the K.H.I., does not properly fit in with the objects of the Kaujalgi Trust. I had also further talk with him on phone, on the subject. As the proposal does not fit properly, he is of the opinion that we may not be able to accept the same.

Regarding the proforma of the 'Akshaya Nidhi' Receipt, I shall try to prepare one and send it to you soon, as desired by you.

Shri R.Sriniwas Rao has not yet returned from New Delhi. He is residing with Shri H.G.Guttal, C-I/18, Pandara Park, New Delhi-11.

I had sent a resolution for your approval along with my letter dated 19-5-1969. Accordingly a sum of Rs.5,000/- from the S.B.account of the 'Nidhi' is to be invested in Fixed Deposit at 7½% interest per annum. But so far I have not received the resolution duly approved by you. However, I am enclosing another copy of the same. Kindly arrange to return the same duly signed in token of your approval.

My dear Doctor,

Please find a copy of the letter addressed to Shri R.R.Diwakar enclosed herewith, duly endorsed to you. The same is self explanatory. I request you to kindly sign the enclosed resolution therewith, and return it to me for record.

Further you have not so far informed me about the approval of the resolution sent along with my letter dated 12-3-1969, regarding sanction of additional sum of Rs.1,000/- from Lokamanya Tilak Purse Fund to the Institute of Economi Research, Janata Shikshana Samiti, Dharwar, which was given to them in excess of the sanctioned amount of Rs.3,000/-. I had also reminded you again in my letter dated 8-4-1969. I request you to kindly examine the resolution and inform me your opinion and enable me to take suitable steps in the matter.

I have not received any communication from Shri Jayantarao regarding the remittance of Rs.5,000/- to the Karnataka Health Institute, as per the resolution sent to him along with your letter dated 8-5-1969. I am reminding him in the matter, and will inform you soon after hearing from him.

My dear Shri Diwakar,

I am enclosing herewith a form of application addressed to The Agent, The Karnataka Bank Ltd., Durgad Bail, Hibli, for receiveing a sum of Rs.5,000/-, by withdrawing the amount from the S.B. account of the 'Nidhi' in his Bank, as fixed deposit for a period of sixty months at the rate of seven per cent interest per annum. The same may kindly be signed you and returned to me, for transmission to the Bank at Hubli, for issue of a receipt.

In this connection I have to bring to your kind notice that according to the resolution approved by you, the rate of interest for the fixed deposit has been shown as 7½%, which is now not admissible by the Bank, as could be seen from their printed leaflet, enclosed, in this behalf. I am therefore enclosing another copy of the Resolution indicating interest at @ 7%, instead of 7½%. The same may kindly be approved, signed and returned to me for record. The earlier copy of the resolution signed by you is herewith returned.

The Karnatak Health Institute has taken up some work on hand and therefore they want us to send the amount of Rs. 5,000/- as promised to them by our resolution (copy of which has already been sent to you). It is as per your letter the interest amount is still not collected for the previous year. My Dear Doctor,

I returned yesterday. Shri S.B. Mangoli was here with the photos. So I immediately sent you a telegram to send the design and instructions for printing. You have to also send the descriptions of the photos given by Shri Manegoli (21 in number). As these photos are not numbered I will tally them with the description and send you the proofs. I have now reduced them to half their size in blocks.

I contacted Shri V.S.Narayan Rao and requested him to choose any picture he wants for the article he has written for Deccen Herald. But he informed that he does not want any pictures now and the article he has written is not likely to be published now.

Now we have to take up the printing of the broucher and the folder of the K.H.I. Please send the matter duly approved. We have also not received a photograph of Doctor Vaidya, which please send.

Institute at Ghataprabha.

I met Dr.N.S.Hardikar (now 80) three days ago at Ghataprabha. He is now managing the above Institute which is one in which every one in Karnatak can take pride.

He organised as you might be knowing the Hindustani Seva Dal which is today called the Congress Seva Dal. He was a close associate of late Lala Lajpat Rai when the latter was in America for a number of years.

I would request you to keep in mind the Institute and include it if you happen to go that side.

Yours sincerely,

My dear Doctor,

I had been to shri Ganapuley yesterday and had further talks in the matter - i.e. Re-opening of cancer section in K.H.I. I state below the gist of our talk.

1) Shri Ganapuley very much appreciates the starting of cancer treatment section by the K.H.I. in view of its great need.

2) He is quite willing to hand over his savings which is today not less then about Rs. 1,20,000.

3) All his savings - 90% of it is today invested by him in his friends' concerns and he has made arrangements with them to recover the entire amount by June 1971 by agreed instalments.

4) He is prepared to hand over the amount as and when he receives it from his friends provided the K.H.I. agrees in writing to give him as much interest as he gets from any Bank during his life time. A regular agreement will have to be made between the two.

5) Out of this amount ~~xxxxx~~ about Rs. 32,000/- are in German currency which the K.H.I. may use for importing instruments or equipment.

6) If these main terms are agreed upon, the work may commence from Aug. or Sept 1970 . When Shri Ganapuley will have about Rs. 30,000/- to release.

7) He has kept the building and 2 acres of land at white-field at his descretion which may also go to K.H.I. ultimately.

There are the main points as I understand. I am sending a copy of this to Shri Ganapuley also, as basis of consideration by both the K.H.I. and Shri Ganapuley for finalisation. If it is acceptable then we can have it finalised by a regular document.

P.T.O.

I have requested Shri Ganapuley also to write to you. Please let me know if it is acceptable to K.H.I. and the matter can be finalised.

With best regards,

Yours affectionally,

Dear Sir,

Re: Exhibits for K.H.I.

I have the honor to address this letter on behalf of Dr. M.S. Hardikar of Karnatak Health Institute, Ghataprabha. Dr. Hardikar has already written to you that the K.H.I. is going to arrange our Exhibition on anti Tuberculosis Education for the benefit of rural population surrounding Ghataprabha.

In that connection the panels that are now exhibited in the congress exhibition would be useful as they are easy to understand for the common man. I have therefore to request you to kindly arrange to send there panels only, the to and fro cost of which would be borne by the K.H.I.

Also please include 2-3 good films with Kannada comments and lesflets in the parcel. The films and panels will be returned to you as soon as the exhibition is over safely.

Thanking you,

Yours faithfully,

My dear Doctor,

You might have already received the copy of the letter addressed to me by Dr.Nagpaul. I will do as desired by him while despatching the panels, films and leaflets.

But now from your letter to Shri Y. Ramkrishna - the Health Minister, I understand that the exhibition is postponed till October 2nd. I think it would be too early to talk to Dr.Nagpaul about transport arrangements.

I had been to the Health Minister. He was not there. I met his P.A. and made him note in the Minister's Diary about Ghataprabha visit on 2nd Octr. He too said it is too early. I will see him some time next week again.

I have received the draft. Thanks.

My dear Doctor,

Yours of the 8th instant to hand.

On enquiry in the office of the Post Master General, Mysore Circle, Bangalore-1, it was gathered that, before making an application to him, for posting of the periodicals at concessional rates, the periodicals have got to be registered with the Registrar of News Papers in India, New Delhi.

For this purpose, an application has to be submitted, requesting him to register the periodicals as news papers, along with two copies of the latest issues, and the certificates issued by the District Magistrate, for which, forms of declarations have been already submitted on the stamp papers. Since the concession would not be available for periodicals meant for free distribution, a nominal subscription will have to be fixed and shown against item No. 4 (a) of the declaration submitted.

After getting them so registered, with the Registrar of News Papers in India, New Delhi, an application has to be submitted to the Post Master General, Mysore Circle, Bangalore-1, in the prescribed form (cyclostyled proforma enclosed) furnishing information and documents, as per proforma printed letter of the office of the P.M.G?, enclosed. In case of any doubt or difficulty, the local post office may be contacted for necessary assistance.

I am herewith returning all the papers sent to me in this behalf, except the Cyclostyled Copies

My dear Doctor,

Your kind letter to hand. I have already sent 50 plastic covers to K.G. Joshi Dharwar. I have now prepared 95 more which I am sending tomorrow by train to K.G. Joshi. I will send the balance of 30 only after a 3-4 days. Plastic sheet is not available here. The dealer is supplying me in bits and that has caused delay.

I have also talked to A Sattur about the K.H.D. I hope by this time he has compiled. He is now often out of Head Quarters. So there will be some delay.

Padmavati is quite safe here. I had gone to Station to receive here. She stayed with me for a day and then moved to Parishat to stay along with delegates. The Parishat was very nicely arranged.

I am going to Madras today. I have seen a Linotype machine (secondhand) & if it is good & certified by a mechanic I propose to purchase it for our press. I am getting a Monotype machine next month. By the blessings of God all is well.

come forward to give donations only. I what way we should put the proposal to get a good response from them all must be thought out. If you invite Shri Rangaji Karnat (Through Omegoli) to Shahjanabad and discuss the matter I think it may be helpful.

Is it possible to work out a scheme for health insurance of such donors to Akshaya Nidhi who contribute a specified sum (say Rs 3000) or so. For example I say The K.H.D. may give Free Medical Aid including Surgical but excluding Stay expenses to one person in a Family in a year and those who can pay Rs 10,000/- stay & food also will be looked after by K.H.D. during their treatment. If we make some such plans we can approach some Factories & Business Firms to contribute to this Nidhi and at the same time give the benefit to their workers. This will get Tax exemption. If you like the idea you can make it more attractive.

I was happy to learn that V.P.K and N.S.K are with us. I had a wrong impression. Now I am quite happy.

I have misplaced Doctor Vaidya's letter. If the work is not yet done please ask him to send a copy so that I can attend it. As I had gone to Madras I lost it.

I am in the receipt of your letter and also the enclosures. I saw Shri C.G. Ramrao the very next day. He told me that he would place your proposal before the General Body of the Hotel owners Assn. which is going to call shortly. He also said that though I may go to Zambia nothing more can be done there. Even then I want to Zambia Vakil Mavgoli on 24th as desired by you. I told Shri Mavgoli the opinion of Shri Ramrao and also introduced him.

I returned to B'lore the same evening. We have to now wait till they propose it in the General Body meeting. I also requested Shri Shashjain Kasmet to speak about this to a few members so. that it would be helpful in the meeting.

In the meantime I am thinking whether we should have a more definite proposal in this regard I do not know whether they would

come forward to give donations only & what way we should put the proposal to get a good response from them all must be thought out. If you invite Shri Ranajee Kamat (Through Mangoli) & Shekharbabu and discuss the matter I think it may be helpful.

My dear Aunty,

Your letter of 25th I have. We are all doing well here. I found Shri Ganapathy very active. He is also quite happy now. But as regards meeting Shri Sivakam I must say I need very rarely as the occasions are for meeting him are very rare.

I have received a letter from Dr Vaidya also. As I am busy last week I could not attend to it. Shri S. B. Nanjundi was here last week. He could get order for only 75 copies for the book; but they say another order will follow.

I have now got a Monotype new one and a second hand Linotype all installed during this month. I have installed one automatic needle. Thus we can say we have fully equipped press. My eldest son Hamsa after passing B Com has joined the press. Another son after passing B Sc. has gone to Madras to study Printing Technology. Thus I am trying to create the second line.

I hope you are keeping good health. I learn that Anand has resigned and so also Kamakshi & Kalyan. Is it not possible to bring them back? Of course that is my wish and I do not know the circumstances.

I had your letter re: a meet at Ghataprabha on the 28th & 29th of April. But it was impossi--ble to go there, both on account of other pro--grams. & also on account of transport difficul--ties. So, I had to fly to Bangalore on the 30th from Bombay. I had the IENS meeting in Bombay on the 28th of April.

When I inquired of Inamdar in Delhi on the 27th of April he said he was not going to your place.

All these things conspired in my not going to you.

My dear Doctor saheb,

I am very grateful to you for your kind Card of 11.2.74. I owe an apology for not writing to you for a long time. A few days back I had been to meet- smt. Rajam. She is keeping well. Sri. Mohan has gone to Germany and he will return after 2 months. I met- Sri. B.N. Gupta twice and he spoke to me well of his visit to Ghataprabha. He came to my office yesterday, when he told me that he is going over to Ghataprabha on 1-3-1974.

Gowramma and myself went- to Siddapur to attend the function on 26.1.74. We were very happy to meet- some of our ~~old~~ old associates and the children and grandchildren of others. All of them treated us with great- love and charity - charity for our not being able to do anything for them. For 3 days we floated on the waves of memories and a lot of sentiment. Your letter was read out in the meeting. I must apologise to you for not having so far been able to bring Gowramma to Ghataprabha. I shall bring her

at an early date. We are both stuck up today
in the family circumstances. It requires great effort
to relieve ourselves even for a few days.

It is a matter of great solace to both of us
that you remember us and drop a card occasionally.
We greatly value the love you have bestowed on us.
My son, ch. Srinivas, is now employed as Asstt Supervisor
in the Bharat Earth Movers Ltd at Robertsonpet, Kolar
Gold fields. He was married last year. His wife is
Carrying and we are prayerfully looking forward
to the addition of another member to our family.

I hope you are keeping well. Kindly
convey my pranams to all.

Yours sincerely

K. a. Venkataramaiya

Date. 20th April 1974

Dear Doctor,

This morning, when I went to Syndicate Bank to check my account, I found that the Bank had not yet sent a further instalment of Rs.1000=00 to KHI which was ready for transfer last month only. Now, they are sending within a couple of days.

When I approached the Manager in this connection, I was told that the Standing Instructions I had given to the Bank through my letter to them dated 1st October 1973 had been misplaced and that they would like to have another copy.

Copies of the above letter have been sent to you and to the Syndicate Bank Branch there. Unfortunately, I have no copy with me.

Kindly send me that copy (or a copy made of it) by return of post so that I can have a few more copies made and submit a copy again to the Bank. I will then return your copy back.

My dear Doctor Saheb,

I am very grateful to you for your kind letter of 20.6.1974. An apology is due for not writing so long. Sri. R. Sreenivasarao did speak to me about your letter to him. He spoke to me about Gouramma and myself visiting Ghataprabha as early as possible. I assured him that we would take the earliest opportunity of visiting Ghataprabha. Ch.Srinivas is well at Ghataprabha, Last month he got a son. His wife, who went to her father's house at Arsikere for delivery is still there. My efforts at fixing the marriage of my fourth and last daughter have not yet met with any success. We are weighed down by this one anxiety. Otherwise, we are getting on fairly well.

It is a matter of regret that I have not been able to meet Sri. Mohan Iyer for a long time. I will meet him in 2/3 days and then write to you.

We are all worried about your health, though we are getting now and then some bit of news about your health. The latest news that you are better has heartened us. Smt. Gouramma is eager to call on you at Ghataprabha, but she is always bogged down by her unmarried daughter, other daughters and Grandsons.

Please be writing about your health.

Yours sincerely,

My dear Doctor,

I got your letter and copy of [illegible] telegram to Dharwar only yesterday on my return from Miraj. After seeing you myself & shri Dalal I thought of writing to you after reaching B'lore. But the moment I reached B'lore I got a telegram that my uncle was seriously ill at Miraj and my presence was wanted. I therefore started for Miraj within an hour of my arrival and returned only yesterday My uncle is alright now and I have left my wife there to attend on him. I am again going there on 9th and return from there on 10th by Deccan Express to attend a marriage at Belgaum on 11th. The Asst Charity Commissioner has also called me on 11th in connection with Kaivalya Trust. I will return back to B'lore on 12th or 13th.

About Samyukta Karnataka it is a fact that the Business of Samyukta Karnataka Karmaker and Kasturi are given on lease on some agreement

to a limited Company to be formed by shri Ghorpade. The Trust will be left with some property to carry on its other objects like publications, etc. This new Company is to consist of me I learn R.R.D Bendre Gokhale shri Nilkanth Vithal. I came to learn of it only on my return. But I also learn that Mrs Navajat whom shri Devidas had nominated as Trustee and who is now the Chairman of Kotha Shikshana Trust has opposed it saying that the Valuation of Ghorpade of the assets is much less. I understand he had called V.V. Deodhar to Pondicherry and asked him to consult one shri B.D. Akkki of Hubli as his nominee whereas he finds any difficulty.

At Belgaum shri Datar consulted shri Anand Joshi Anantrao Chikkodi & few friends and at Dharwar he met Dr Kadkol also. They all said that what Devidas is doing is not fair and it should be prevented. Dr Kadkol said he approves what shri Datar intends to do & it should be done also but he personally does not wish to be a party. Friends at Belgaum & Dharwar feel that the character & control of the Trust over the publications should not change and that ~~some of them~~ they should have an important voice in the policy & management of the Trust. They mean persons like Datar Joshi Anand or Sarojini Mahishi ~~who live there~~ who know the people there should be there. This is ~~how~~ where the matter stands.

In the meantime I met one shri Venkatramaiya chief executive of Ghorpade's Company and told him that we have nothing against shri Ghorpade

But in addition to carrying more assets and liabilities of movables and immovables they should take into account the sentiments services and sacrifices people have invested over the institution (as it is a public Trust) and then — give due recognition for the same in the new set-up they propose to have. If this is done lot of ill will & legal complications would also stop. He said he would talk to Shri Ghaisas and see whether he can arrange a meeting between Shri Ghaisas & Shri Datar.

I met Dr Sanjiva Murthi also here & told her what you told Shri Datar at Kolhapur. She said she is also ready to collect money up to 5-6 lakhs in addition to what Datar may do.

This is how it is going on.

I am going to Shri Ganapathy today. I have asked Mr. Vellas whether they can supply a suitable Water pump to i.e. H.P. as per our requirement. Their engineer is to tell it on Monday.

Rest of the things will be done only on my return from Belgaum. - 158

I will contact Social Welfare Board and ask them what have they done regarding our centres, before I leave for Miraj. I hope the registration work of the Trust is going on smoothly

My dear Doctor,

You might have come to know about a case filed against the present Trustees of Kodur Shikshana Samsthe seeking to prevent them from transferring rights and interest of the Trust. My name has also been included as one of the six applicants.

It is really an unpleasant job. All the friends want that Shri R.R.D or Shri Ghorpade should not ignore the people of our side who have contributed to the growth of S.K and who expect it protection. ~~a~~ have been indirectly appealing to Shri Ghorpade not to be carried away by whatever he has been told by one side but give us a chance to meet & explain to him that we are not against him individually not ~~do~~ have any personal hatred against R.R.D but only wish to be heard before deciding the final fate of S.K. yet we

we are not 162 [illegible]. She Arabs also look the same way. The legal imperialists are creating a cry, draw their attention to our power of we learned They have The we are memory & authority. The voice of trying to raise weale. Today moral values, Though both the chief also I have talked to Seare executive of this Ghorpade him on this was a chance he would try 162 point. He says I am writing the Head of Ghorpade's people informed. It seems in Both the who have been working the workers by office of S.E. offended the workers Baba often as a result - on Friday and Sardar was gheraoed for 3 hrs Those Things people has given apology. are also happening on account of his own creations. Still we are wishing that S.E. should understood just because I not totally be lost to us.

I am really in a fix. I often feel we cannot stop what is bound to happen If the Ghorpade can give us a positive keeping and assure that he will accommodate our viewpoint I will withdraw.

With best regards yours affly

Can you write to Ghorpade [illegible] on this subject - how it was held - and what are our wishes!

My dear Doctor,

I am in due receipt of your letter as also of Vimalatai, Vatsalatai & Dr. Vaidya. I had been to Whitefield & Ganapuley on Saturday and he is quite alright. I am consulting him about the development of S.K. Hubli is unhappy and helpless. Shri H.B. Doctor met the legal advisor of shri Ghorpade and told him frankly that 1) he should give up the idea of taking over S.K. Kannur & Hubli as a private Ltd. Company as it would create legal & political complication and that he would fight tooth & nail if the character of the Trust (Lokashikshana Trust) is affected by this move 2 that A.R.D should have no place as Trustee in future set up. If Ghorpade agrees to these two we along with friends would cooperate with him in finding a solution. We are awaiting the reaction of Ghorpade to this. In this meanwhile Doctor had talk with C.M. Prime Minister Sarojini Mahishi — they have assured full support to see that the Trust & its journals are not affected by the new move.

I am extremely sorry 165 R.R.D gets angry and does not allow a fair solution to this problem. His adamant attitude is forcing the other side to enforce legal methods. There is move to file a case against A.R.D for misappropriation and misapplication of Trust funds, and this disqualify him to continue as Trustee. Personally I am not in favour but Baker says it is absolutely necessary. Because Ghorpade is involved opposition leaders want to raise the issue in the legislative council & Assembly and may say things which are not known would be public It may affect the public confidence and god knows what is in store. I am feeling very much. Is there no way to convince this R.R.D is anti-public Trust illegal & unethical. His adamancy will make us helpless. We were not thinking of open fight all these days. But when he wants to the length of handing over to a Private Limited Company, we had no other go to resort to the present position just to see that the Trust & it papers remain for the protection and encouragement of our people institutions & their activities. We have requested the legal advisors of Ghorpade to inform us their reaction before 12th of Aug so that things may not go out of our hands. How to convince this R.R.D?

About 6 to 9

1) I contacted V.G. Joshi on phone and talked about seeds. He was also sorry. He said he would contact Amit Shenoy & Haridas on phone and arrange for immediate purchase, within a week.

2) I contacted Social Welfare Officer Secretary, and talked about the replies. They

11th Oct. 1974

My Dear Doctor,

I have just to hand a letter from Ghataprabha from Shri Mangoli. It gives me details of your physical condition on the 30th Sept. 74 and subsequent days. Since you have passed this crisis, it means God or Powers of Nature want you to live longer in a healthier condition.

I seem to be an extremely fortunate person that even while you were in the midst of a life-and-death struggle, you gave instructions to greet me on my 81 st birth day.

On that day rather than be exposed to the formalities which are usually showered by people around, I chose to be near the Samadhi of Sri Aurobindo and Mother in Pondichery alone + in solitude

I shall be here for two days or at the most three days including this one. From wherever I am, I shall be praying for your long but healthy life.

I wrote something about the 1924 Congress Session in Belgaum and its significance. Let me hope that I have been correct re; facts in connection with the Seva Dal and its role at the time of that Session. As you know, I was in jail at that time and even for some months earlier. Still I could not resist writing about the Session, its importance and some facts about the Seva Dal etc.

I shall be returning to Bangalore and may go in in a month's time for the removal of the catarract in the left eye. Fortunately the right eye is functioning very well and during my visit abroad (about 25 days) I did not feel, I was short of any eye-power.

I may send you a copy of my report when it is cyclostyled.

P.T.O..

169

I am sure this finds you in better health and normal cheer.

My tribute to Dr. Vaidya for his life-giving and life-prolonging skills. May he be long and useful life along with his chosen consort who is helpful to him.

My dear Doctor,

Your p.c. to hand. It would be very appropriate to celebrate the 80th birthday of shri Ganapuley. For him work is only worship and all the rest is nothing.

I think we should publish a small book — which may be also about 250-300 pages. In this book shri Ganapuley will write his own words his autobiography — (b) his opinion about some important personalities and their work — (c) his view on some important subjects — like industry (d) character (e) youth (f) National reconstruction etc.

(2) There shd be a souvenir containing articles of Ganapuley's friends — in India and abroad. I have enlisted about 25-30 friends — including foreign friends who have come in contact with shri Ganapuley & his work.

For the souvenir we should collect advt & possible to meet the Co of printing and the function. But I am not quite sure of getting adequate advt. Printing the book & Souvenir ~~at~~ 1000 copies may cost about 10, or slightly more. But the book will keep on record the services of shri Ganapuley & it would be useful. Please let me know how you feel about it.

I have made enquiries about Managoli's pension. The C.M. has recommended and it will be finalised soon. Week or 10 days

ut until then it may be kept confidential.
myself & Gamaperley intend to meet shri B.N.

Bangalore Date December 26

Respected & dear Dr,

After completing my work at Bangalore I flew to Hyderabad on 24th and returned this morning. Off Hyderabad I was staying with Raj Co-brother known you know so well. He is the third son of late Shri Shamacha Mangal of Hubli. Shri Prahlad Mangal after leaving at Dandeli Rajahmundry, Gauhati, Ranigani and general hiatus in all the Paper Mills at all the places has now settled at Hyderabad ~~at~~ and has established himself as a Consultant engineer to set up Paper Mills. He has earned great reputation and of course economically also he is unimaginably well off. I told

him what all I saw at K.H.I. and earnestly expressed before him my desire that he should pay an early visit to K.H.I. Hangal family has Eminent Disciples at Belgaum, Hubli, Bangalore & Hyderabad Very Soon Prahlad Rao is likely to go to Belgaum and Mysore & Maddur Kaujge are both of the opinion that you should address a letter to him asking him to associate himself with K.H.I. I am confident that he should come within the fold. His address is P.S. Hangal 3-5-170 Narayanguda. Hyderabad 5-00029

Kindly convey my personal regards to Lalita Shri Chandrakar and Gangabai, Shri Prabhakar and praying always for your good health,

Yours affectionately
Sairam

Mrs P.V. Hangal has also expressed a desire to visit us and see you for blessings as close associate of his late father. Hence your letter to him will certainly draw him closer. Please do the needful & oblige.

With regards Yours
Shri H.S. Gaitonde is also keen to visit & do something

have not yet gone through the replies. They will go through & tell us if we have any thing in the matter. They also told me that this year they have provided higher salary to staff and some additional grant- in applied Nutrition programme. It will be communicated when the budget is finally passed.

I have told the chairman & the Secretary that they should fix up a visit to Hd Qrs and see the work and that I will also accompany them. There seems to be some old misunderstanding and I am confident that we can clear them.

My old classmate & Harijan friend Kambarwadi is now right hand of Social welfare minister. I have told him to fix up minister visit to Hd Qrs and see that the social work done by Hd Qrs is properly encouraged. It is quite to known to you as he was student of Modern Kanchanis. He will be urged.

I met here Vasudeva Adya and again had discussion about Mafatlal's joining us. He said he may not agree immediately. I told

him about about our constructing new 178
block. He advised to move it ~~to~~ at the
appropriate time. He said he would himself
draft a letter to be addressed to Arasu
Roy Total which we should send it if we
approve and then he would work it up.
So we have to wait for some time.

178 I had a talk with the manager of the
Voltas about the exhorbitant cost water
pump quoted by them (Rs 33000/). He said
there cannot be so much difference between
Kirloskar & Jumbo & Voltas. I have requested
the Manager to send their Technician
spot and see if some alternation can
be found to save the cost & expense. It
would be better if you can also write to the
Manager Voltas Bangalore to extend the
visit up to Chattopadhyay when their
technician goes that side.

As all the ministers are out of H.Q.
I could not pursue the canal water work.
I will meet shri Nagal minister for
minor irrigation & then see him.

Rest all o.k. With regards,

My dear Doctor

I am very much worried about your health. Let me assure you, I was not convinced when you said that you should not go on tours on account of your health. I would myself prefer you to go on tours, if I saw there was a reasonable chance to base the tour. However, you have satisfied me - you have said that your tour will be as much directive to fact-finding. Then, I think you must restrict it to be a sample tour - visit only a few selected places and take a sample survey.

You have frankly at one point - you said something may evolve, something may come out and you did not know what and how it might be. It also means that nothing may evolve. Not that I am pessimistic, but I am practical, when I know fully well that we are bound within a strict limited area of functioning. Well, an idea came from Shastriji - he said change a Committee of 5 or 6 leaders of the job of thinking. You have not been in favour of it. Which I do also do not have. My expectations, I just think of why we should not give a trial and see if some thing could evolve out of the combined thinking of those 5 or 6 leaders, including you.

On 16th morning, I placed a few points for your consideration. You asked me to put them on paper. I can very well do it - I may do it when I sit in the train next time. But what will be done with it? I am rather a little sceptic of it

I write this as I sit in bonis, returning to Calcutta from Rupchand Nagar, Sukhlabaria village. I had a very affectionate reception from him and his people. But he has been overpowered by misery upon misery. Of course, the biggest heart-breaking scene is his son, who is at the Orissa establishment. S. was asking me whether I could arrange for a loan of some Rs 2000/- to 3000/- to [illegible] from one of our funds. I think it can be done.

I passed on your suggestion to him and he has expressed readiness to sit in Bombay from about the middle of March. You can write to him 1/1A Bijaygarh Colony, Calcutta-32.

Kindly do let me know to contact about your health etc - the Indian Express - Read you in the best of health as I left for some years.

Please give my remembrances to Shri Iyer, Rajaji Mahan.

With regards

Yours affly

My dear Doctor,

I returned home yesterday. I was a little indisposed, but was getting better.

Thanks to your suggestion and thought, to your presence, the "carving out of empires" looks to have come into action. I had a few minutes with Jawaharji yesterday. That was enough for that. He left for Kanpur en route to Durgapur this morning. It seems the arrangement would be as,

Kadambari - 4 pradeshes of the east
Narimbhai - 7 pradeshes of the west & South
Subba Rao - 2 pradeshes of Centre.

Jawaharji himself may take the 2 northern pradeshes.

You know me well and I would never mind if my jurisdiction was confined to a district. As you say, I can be happy in an empire of that size as well.

I have absolutely no doubt that you have put forward your suggestion with the best of

Thanks to your suggestion and thought, to your presence, the carving out of empires" looks to have come into action. I had a few minutes with Jawaharji yesterday. That was enough for that. He left for Kanpur en route to Durgapur this morning. It seems the arrangement would be as,

Jawaharji himself may take the two northern provinces.

You know me well and I would never mind if my jurisdiction was confined to a district. As you say, I can be happy in an empire of that size as well.

I have absolutely no doubt that you have put forward your suggestion with the best of

g intentions But will the result be as you expect?

There has been one small point I omitted
now a days: the small point is that those you
think I am one of the few best workers for
work in Sewa Dal, Anandaji thinks I am a
misfit in this Dal! I know and I make no secret
of the fact that certain things which he thinks
are the necessary of Sewa Dal, I attach little
importance to them Some, I even consider
harmful.

You well know — and I can never think
of creating pinpricks within our group. But, at
least at times, I feel I have overstayed mine.

Well that was a small piece of information
I felt like handing to you — and as you so came
And I expect you will please tear this off
and make no reference to it
soon as you read it once. will you please?

The Nainital camp was a picnic camp
I felt guilty for having stayed in it

My dear Doctor

I was awaiting your letter and your kind card of 11.5.61 which I got today [illegible] Thanks many. I am glad to learn you will be [illegible] us at the Summit camp. I had not expected you would be join us.

I had to type all [illegible] 16 sheets myself — Who else would do it for me? — and if I could not take out many copies. I have sent it copies — after [illegible] — to Shastriji at his Shembaganur PI Commission. He wrote me he would read it with great interest. Shastriji has just acknowledged — He is still very busy now. I must send one copy for Nirajji.

The first man to give me Satis fashion was Ravindra Varma — President World Assembly of Youth. He was about the Chinese for Brussels, but one night, he read the whole 16 pages and the next morning I was invited to join him at breakfast. By the discussion I gave him [illegible] he had gone through every point in detail he had some clarifications on either side also

I also may have interested in [illegible]
there many trips who was just [illegible] compliment
Now, Ravi is very much interested and [illegible]
take something should be done, you know his
brain and capacities. When I told him about
the discussion I have had with you Jith [illegible]
he was all the more [illegible] and now I [illegible]
and I have been thinking that if some of us
with you could meet the [illegible] Senate, it
may give our something. It ought to be
between the Education Ministry or Social
Ministry. But it is certain that nothing
come out if we meet with [illegible]
are real sense with the Parishad.
agree that the composition of our group
be such that Parishad will give weightage
the suggestions of its members. In [illegible] meanin
in my entertaining some hopes of this

The point is we have lost too long
a time. On the one hand, institutions in the
name of serving the Society have squandered
enormous money and wielded nothing and

on the other, Communal, meetings, organisations are going all the harm they can do. Even now, people have lost faith in the suggestion that social service organisations can Samaritan situation - on their passing, this faith will take strange connections. All this just goes to show if anything is to be done, it is to be done hard and with determination.

I do think we can muster a good number of influential people if we go about with that spirit.

Much depends on how much Seriousness we are about things.

I hope this greets you at the best

My dear Doctor,

From 9th, I am moving in this state and I will be in Delhi on August 2. Again, I want to leave them for M.P. on Aug 7 for 3 weeks. After that I may have to take U.P. for 10-15 days and then go to Madras for A.I.C.C. arrangements

All of us were disappointed that you could not make the trip to Baijnath. No other leader either, could come there and I was also happy about it. Yours case is different! I only hope you are in good health.

In the camp, I spoke on general subjects for 30 minutes in the evening and then, brought out the report of my Committee - programmes for the year. I know that you respected us and, among other things, we have asserted that Seva Dal should make all efforts to take Congress to victory at the polls. It will be done, but workers like myself will be left for further struggles. We fight election after election and drain our energies in this direction, in order to create 'ideal citizens' as we claim in our objectives! Is it strange that my mind should revolve?

I am meeting Congressmen and Seva Dal (most of them, Exc. Seva Dal) workers in this tour

I do not know what you gathered during your 'fact finding tour'. Everywhere, they demand money. In the changed circumstances of today, this is only to be expected. At most places, work is at a stand still. If we still think everything is going on as it should, we will be deceiving ourselves.

Time is moving fast. Institutions - general, martial and others - are, as by the fact all such activities which we should have. We have left them because we do not have the wherewithal. But they spend their money on first people who want that money. And he cry that money is wasted. Who is responsible? Then leaders get the impression that even after spinning so much, nothing could be done. So, you work loses their sympathy leading the country in the proper state.

A committee under Dr. Sampurnanand is discussing 'inculcating national consciousness in Indian youths', the education ministry is planning a 'seminar on national physical efficiency, etc', youth Congress discussed 'student indiscipline' in a recent All India Students' meet. You know who will succeed in what. That is why I am pressing for urgent action. Action should take place of frustration. I am contacting Sarva people. But the real hope is in you. How long will we confine ourselves to shouting 'vote for Congress' and no more?

Then headings get this impression that even after spending so much, nothing could be done. So, you talk loosely this sympathy towards the country in the present state.

That is why I am pressing for urgent action. Action should take place of frustration. I am contacting some people. But the real hope is in you. How long will we continue ourselves to shouting 'vote for Congress' and no more?

A line about myself. Of late, the feeling that I do not vary much fit in at any centre is getting stronger. Many factors have contributed. Now.. I am reminded that when you brought me to Delhi, you had written ' I want you to give us one year of yours'. It was, no doubt, my fortune. But now, I have just completed 10 years. Most of this time has been fascinating. I have gained new experiences everyday. Now, circumstances suggest that I should think of a change. But, my life has been so structured that I can not think of any major change in its course without getting your advice and orders. What do you think?

With the best of intentions, you got the 'Zonal System' re-introduced. You may have seen how apathetic, I was to all that was discussed in this regard. One reason was that I felt disappointed that we did not go further deeper into the country problems. Secondly, I well know that, trained as we are in that line such a system would make air tight compartments which somehow I could never appreciate, by nature. It has come and I already got an occasion to feel its stink.

Well be it as it may, I suggest with a sense of responsibility that we should be designated 'Zonal or Area organiser'

We are happy to meet them. Not

But, what is our reply to their requirements?

I want copies of any papers or plans for Indian youth to be sent home. Jairaj has said she wants an epitome in addition. Shankarji says he requires little more than I am trying to get some more copies.

Now is the time to strike the metal. If we want to do some real service to this youth in India, we must act now. The government, party and leaders are all working almost disintegration. Chief Ministers also open 3 days for the session. But when did they all arrive? To answer the Indian people [illegible]

As some newspaper knows the framers of the amendments also that the Bill is inadequate and superficial what I am really worried is that these steps are taken, they should not yield results and, that makes, the frustration

whether anybody takes note of, any paper or not, at least with the media that some deep-rooted is needed to face the situation of disintegration. Why should you not have the responsibility of saving the country from the highly explosive [illegible] or [illegible]

my dear Doctor,

I came here on 9th night. On 13th night by P. mail, I leave for Poona en route to Bombay by ~~mail~~ P. I am sorry I am not getting down at G.P. It seems Bombay will require all my energies and so, I dash to Bombay straight. My brother in Hyderabad has been asking me to go through them, but that will take one whole day. So, I miss it

When in Madurai, I got Ramdasji's letter asking me to speak to Panditji about our proposal to present him a uniform. I went to him when he was on the dias and a lecture in Tamil was on.

(1)

First I invites him to meet the Volunteers and there he was gracious. He had very pressing programmes, but still he accommodates us and he has a very nice 20 minits talk with him. I told him more than once 'आप बात नहीं करेंगे तो हम शिवाजी का झूला नहीं मानेंगे!' S. Till, speak he did and he won all hearts. He returned to you, as usual. Volunteers were very happy.

On the dias, I said, 'Panditji, how would you like on presenting you a uniform Set before the Rally?' He said 'well'. 'And suppose you wear it when you come to the Bombay Rally?' He asked me 'you mean this uniform that you are wearing?' I said 'Sure, yes'. He had a hearty laugh and I too smiles. 'you want me to wear this in this age of mine?' And again smiles it away.

MADURAI SESSION—4, 5, OCTOBER 1961

It would not be proper for me to insist further and I dropped the topic

Nanduji asked me to say that he had also written to me. I got this letter only today. I do not know what you wrote. I hope I have not done anything improper.

If my suggestion were to be accepted, I would say that we do just present the uniforms, but we shall not insist that he wear it. You can make the presentation a ceremonial if you like. Hamara, I am not going to Delhi before the Rally.

Work in Madurai was as satisfactory as could be on the presenting situation I should say it was more than I had expected. I had one point of dissatisfaction I wanted to thrash the whole business on

Narayan and sit and watch. Unfortunately he had to go away to Madras as his b. in law was precariously ill and his presence was required. He came back only on 3rd and he missed a good opportunity. I still hold that we must see him through success in some field before putting him to the helm.

I hope you are keeping well. When are you to come to Bombay? My hosts in Bombay are very keen to get you at theirs for a while - lunch or dinner. I hope you will oblige them sometime.

Dr. Vaidya might have written to you from Canada. Hope he is well. Namaskars to all in the hospital.

प्रिय पद्मा बहन,

बम्बई के बाद मैं काशी गया था एक सर्वोदय का कार्यक्रम के लिए। परसों यहां आया। अधिवेशन के सिलसिले मे कुछ काम था। अब दिल्ली जाऊंगा। घरमे मेरी छोटी बहन की शादी है November १९ को। इस के लिए बंगलूर जा रहा हूं। ता ७को बम्बई आकर ता ८ को वहां से रवाना हो जाऊंगा।

रैली की थकावट दूर हुई होगी। आपने बहुत मेहनत की और हम सबको मदद की। रैली की सफलता के लिए आपको बधाई और आपकी सहायता के लिए धन्यवाद।

वैसे तो रैली मे हजारो लोग आए और मेरे जैसे काम करने वाले कार्यकर्ता भी कई रहे। वे सब आपको धन्यवाद भेजना चाहिए। पर कुछ लोगों से मैंने बात की तो लगा कि वे आपको चाहते हुए भी धन्यवाद नही भेज रहे हैं। अजीब बात है। पर अब सवाल धन्यवाद देने का न देने का नही है बल्कि हम लोगों का आपस का रिश्ता का है। हम एक दूसरे के बारेमे क्या सोचते हैं, क्यों ऐसा सोचते हैं आदि। तो दिमाग मे कुछ बातें आती है और लिखूंगा। यह सिर्फ

सेवाइल का [redacted] स. अ. अ. संघटक हो का एक G.O.C. को नहीं लिखता हूं वरन एक भाई अपनी बहन के नाते। और आपको भी सिर्फ सेवाइल काम के लिए नहीं पर आम व्यवहार के लिए। तो इसे आप बिलकुल शान्ति से पढ़े. अच्छा पहले साव [redacted] लीडिए कि मेरे दिमाक मे आपके खिलाफ कुछ नहीं। जैसे और [redacted] हमारे साथियों के लिए, वैसे आपके लिए मेरे दिल में एक ही बात है कि आप का भविष्य अच्छा हो। आपके द्वारा समाज मे चार लोग सुखी हो - इसी लिए यह लिखने लगा हूं।

शुरुवात में इस बात से करुं कि कार्यक्रम के एक बार आपने मुझसे ऐसा बात किया कि मुझे लगा आइन्दा इस बहन से मैं कभी बात नहीं करूं। जब दुसरे लोग [redacted] आपके प्रति शिकायत करते थे मैं उनको डांटता था। आपको यह मालुम है कि करीब करीब सब लोगों की आपके खिलाफ शिकायत है। और आपके खिलाफ तो कोई कभी पैसे के बारेमे, काम के बारेमे आदि शिकायत तो हो ही नहीं सकती हैं क्यों कि आप इतना समय देती हैं घर का भी पैसे खर्च कर देती हैं। और हमेशा दुसरों को मदद करती हैं। फिर भी कोई आपसे

खुश नहीं हैं। सभी नराज हैं। और कोई आपको धन्यवाद नहीं देता हैं। और इसले लोगों से मिलते तब आप की तारीफ नहीं करते हैं बल्कि शिकायत करते हैं। इसका मतलब क्या है? ऐसा क्यों होता है? और मैं मेरी बात सुनाऊं? मेरे पास हमेशा पैसे की कमी रहती है यह आप जानती हैं। मैं दुसरों से मेरे लिए खर्च कराता रहता हूं। फिरभी मेरी शिकायत नहीं होती हैं ज्यादा। लोग मुझे प्यार करते हैं। क्या बात है? आपने कभी सोचा हैं? मेरे में और ~~आपमें~~ आपमें क्या फरक है?

बात इतनी है कि मैं जब दुसरों से बात करता हूं चाहे वह छोटे हो या बड़े हमेशा उनको इज्जत - Respect देता हूं। मैं सोचता हूं यह व्यक्ति अच्छे हैं। बगैर सोचे बात नहीं करता हूं। आप कभी ऐसा नहीं सोचती हैं। हमेशा अपनको बड़ी मानती और दुसरों को कुछ नहीं मानती। मेरे जैसे आदमी तो कभी किसी पर नाराज नहीं होता - मुझसे भी आप ने ऐसी बातकी कि मुझे लगा कि मैं पटना बहन से कभी बात न करूं। और मैं जानता हूं समर्थ में और बाहर कई भाई और बहन आपसे सिर्फ इस बात से नराज हैं कि आपने उनको डांटा - और दुसरों के सामने डांटा।

एक बात को आप पहचान ना चाहिए कि हर व्यक्ति - औरत या

बच्चा भी अपने को बड़ा समझता है और जब कोई उस बात को ठेस पहुंचाता है वह तुरन्त Reach करता है। डाक्टर की पत्नी होने से आप इस बात को जानती हैं। पर ~~[illegible]~~ ज्ञान नेसे काम नहीं होगा। उसे समझकर व्यवहार में हर एक से छोटे से बड़े से, गरीब से, अमीर से, भाईयों से, बहनों से कभी भी बात करे तो उसको आदर करिए। तो मुझे विश्वास है कि आपकी जिन्दगी नई बन जाएगी और संवाहन को एक नई स्फूर्ति देने वाली पत्नी बहन मिल जाएगी। आपको यह बात पसन्द नहीं हो तो छोड़ दीजिए, इस पत्र को जला दीजिए और काम जैसा है वैसा ही चलेगा।

क्या मैं मेरे साथ कार्य करने वाले भाई, बहनों को नाराज़ डाटता हूं? रखूब डाटता हूं। फिर भी वे मुझ से नाराज नहीं होते। क्यों? इसीलिए कि एकतों मैं प्रेम से ही डाटता हूं। दूसरा सिर्फ इसीलिए डाटता कि वे सुधर जाए। तीसरा इसीलिए कि मैं कभी उनको दूसरों के सामने नहीं डाटता हूं - अकेले में डाटता हूं तो सब के सामने उनकी तारीफ भी कर देता हूं। तो वे कार्यकर्ता मेरे साथ काम करने में खुश रहते हैं। अच्छा होगा न कि आपके साथ भी ऐसे ही हो?

एक और बात रह गई - मैं तो सोचता रहता हूं कि सेवादल में हर एक व्यक्ति मुझे प्यार करते हैं। और मैं हर एक व्यक्ति को प्यार करता हूं। आप देखिए कि आपके मनमें कितने भाई, बहनों के बारेमें यह शंका है कि वे आपके रिश्तेदार हैं? आप कभी-अकसर सोचती हैं व, कि यह भाई मेरे रिश्तेदार है यह बहन मेरे रिश्तेदार हैं? मैं बताऊं कोई आपके रिश्तेदार नहीं है और न रहना चाहता है। आपकी कुछ बात रिश्ते कर देती है। मैं कहता हूं आपको जो व्यक्ति दुश्मन सा लगता है उसे भी आप बुलाईए। हसते, प्रेमसे बात करिए। वह क्यों रिश्तेदार जाएगा? आपका शिष्य बन जाएगा।

मैं चाहता हूं -

(1) आप सबसे हसकर हसते बात करें
(2) झाड़े तो भी ऐसे झाड़े बुरा न लगे।
(3) कभी किसी के बारेमें न सोचे वह आपका रिश्तेदार
(4) बुजुर्गों को सब को आदर करें।

सेवादल के लिए "नई पद्धति" को बनाने में मैं पूरी कोशिश करने के लिए तयार हूं। पर आप चाहे तो। यदि न हो तो हम दोनो इस बातको भूल जाएंगे।

प्रिय पद्मा बहन,

कल मैं बम्बई था। बहुतसे भाई, बहनें मिले। कार्यक्रम की सूची थी तो वहाँ आप नहीं थीं।

अभी मैं मेरी बहन की शादी के लिए बेंगलूर जा रहा हूं। वैसे अभी सबको यही पत्र लिख रहा हूं कि वे बहन-उमा को आशीर्वाद भेजें। लिखना तो आपको भी चाहिए था - उमा को आशीर्वाद भेजें। या स्नेह के साथ और घृणा के साथ कुछ अलग बातें भी लिखी जा रही हैं। क्यों?

बम्बई में मुझसे मालूम हुआ - कम से कम २ जगहों से, - पता नहीं और कितने लोगों को आपने उन अच्छी बातों को बताया है - जिस पद्मा बहन के लिए जगह जगह मैं यह कहते आया हूँ "यदि

पद्मा बहन नहीं होती - तो कम्बर में रेती ही नहीं होती" - यही पद्मा बहन सब लोगों के पास यह कहते नहीं है कि सुबोधराव बेमाद आदमी है! अच्छा लगता है मेरी आदत है लोगों की अच्छाइयों को बताते जाना और मैं वही काम करते जाऊंगा। आप को यदि लोगों की बुराईयां बताते जाने की आदत पसन्द है तो करते रहिए। पर मैं तो फिर भी आप में अच्छाइयां ढूंढता रहूंगा।

लेकिन एक और बात है। मुझे अगर ऐसा लगा कि आप में - पद्मा बहन के कोई कमी है तो मैं आप को ही बताऊंगा, दूसरों से नहीं कहूंगा। इसीलिए यह पत्र। लम्बा पत्र आपको ही लिख रहा हूं - इसीलिए कि मैं चाहता हूं. आपकी जिन्दगी अच्छी तरह, सुखी हो। यदि आप इस दृष्टि से लें तो सब कुछ फायदा होगा।

पर ~~आपको~~ आपको मेरे में और दूसरों में सिर्फ कमियां नजर आएं। अच्छा। अबतक किसी को - इनामदारजी, डाक्टर साहब आदि को भी मुझ में इतनी कमियां मालुम नहीं पड़ी। मैं देश भर में घूमता हूं, याद करता हूं तो आप एक ही बहन मिली जिसको लग गया कि मैं बहुत खराब आदमी हूं। याद रखिए फिर भी मैं आपकी भलाई चाहता हूं। आपको इतना कहना चाहता हूं - जब आपको ऐसा लगा कि मुझ में सचमुच कमी है तो आप सीधा मुझे कहती। तो कुछ लाभदायक भी होता।

पर, चलो कहा, आपको अगर यह बुरा लगे कि मैं किसी से दुश्मनी नहीं करता - भले ही वह आप को कितना ही बुरा लगे - और मेरा उन लोगों को प्यार करना ही मेरी कमी हो तो मैं स्पष्ट कहता हूं कि वह कमी मेरे साथ

पर ~~आपको~~ आपको मेरे में और दूसरों में सिर्फ कमियां नजर आएं। अच्छा। अबतक किसी को - इनामदारजी, इदूर साहब आदि को भी कुल में इतनी कमियां नजर नहीं पड़ी। मैं देश भर में घूमता हूं, याद करता हूं तो आप एक ही बहन मिली जिसको लग गया कि मैं बहुत खराब आदमी हूं! याद रखिए फिर भी मैं आपकी भलाई चाहता हूं। आपको इतना कहना चाहता हूं - जब आपको ऐसा लगा कि सुबह तक मेरी मौत हो तो आप सीधा मुझे कहती। तो कुछ रास्ता हो भी होता।

पर, पद्मा बहन, आपको अगर यह बुरा लगे कि मैं किसीसे दुश्मनी नहीं करता - भले ही वह आपको कितना ही बुरा लगे - और मेरा उन लोगों को प्यार करना ही मेरी कमी हो तो मैं स्पष्ट कहता हूं कि वह कमी मेरे साथ

हमेशा रहेगी। आपको मालुम है मेरे कई घनिष्ट मित्र RSS मे, कम्यूनिस्ट पार्टी मे और इसकी पार्टियों मे भी हैं। और यह कैसे हो सकता है कि मैं सेवादल के लिए प्रेम रखने वाले भाईयों से दुश्मनी करलूं। किसी कारण से कि आप उनको चाहती नहीं?

कितने भाईयों को आपने निकाला है? कितनी बहनें निष्क्रिय हुई हैं। यह सब अच्छा हुआ है?

सेवादल मे ऐक्यता रहना, भ्रातृ भाव रहना आवश्यक है। मुझे दुःख हुआ है। मुझे लगा आई है। इसी लिए यह मोह बनाया है। पर पहले आपको भेजता हूं। एक सप्ताह मे आपसे कोई जवाब नहीं आया तो इसीकी प्रतियों को इकट्ठा करके खादव, इनामदारजी, नवीन भाई, मधुर भाई के पास भेजूंगा।

My dear Doctor

Thank you for your kind letter of the 5th. It is characteristic of your affectionate, simple and polite nature. Immersed in so many varieties of activities, I can very well understand and appreciate it if you did not remember the date of a marriage. Perhaps any other person in your position would have written to me that he got the invitation too late! But you are you. However, all of us have your blessings always and a special blessing will not be missed as such on any particular occasion.

My work has just taken a kind of shape from tomorrow we have the Delegates for 4 days, I was wrong. The man whom I trusted here, had done little when I came and I had to run from pole to pillar to fetch things. I always take hints from the smallest and it pays. A boy brought me to this institution and the authorities helped. This was the place of penance for Rajendra Baba and we hold the Seminar in good atmosphere.

You say Khusale wrote you a long letter I want to make this longer than that! I am anxious how to guard my pen from being [illegible]. You raised the question of whether we should live, very seriously. What has been the answer?

Yes, workers here are in a pitiable state yesterday. I send them for blinking for getting Rs 2/- from Samuthra. Khusale is an island, and had no money to come back. I hope they will have sent it. Difficulties can be multiplied. But nothing is new. All is just a repetition of the difficulties experienced in the past, at the time of every Session.

Some ask me why I am growing gray. Why should I? I have nothing to worry. People at home never bother me. I am not bothered about the future. But every year, I attend or arrange a couple of programmes and it tells on my nerves.

You ask us what we have contributed for the nation? What can we? All our time - that of

In avoidance included - is taking away by facing and solving problems - small or that - that arise during Congress session arrangements! I think at least after independence, camps and other programmes should have been a pleasure. But each of them is a problem. In that context, what can we contribute positively? Positive contribution can be there as a by product when you face a problem of big scale or when you are free of mental burdens to think and work out. We have neither two.

I think I am anything but a cynic. But this thought does haunt me. With whatever motives we ask youngsters to work for Seva Dal. They are provoked. And they even at the cost of domestic difficulties, studies etc, they start working for S.D. After a while we see he is best at Seva Dal, but useless at other things. But Seva Dal can not maintain them. Something serious and it pricks the conscience.

There are other important issues which surprisingly do not seem to concern us. Are we Sevaks at all?

There are other important issues which surprisingly do not seem to concern us. Are we Sevaks at all?

Recently V.K.K. said in Kathmandu that very soon NCC would cover all students and eventually it will cover non-students also. He speaks as a spokesman of the govt and they mean what they say.

It should concern us in two ways. There will be practically no Sanskrit after that. Even now we are feeling the impact created by NCC, etc. Second, more important aspect is that the country will go militant. Granted good the army instructors may be, they are not the persons who could train the person of young students. Human Science should take a more prominent place than military Science. Advanced countries are slowly redeeming themselves of compulsory military training for youths and we are starting it.

But it will be worth the while if. Social organisations like ours have a major say in training and organising these youths. Without this the Sparrows will miss the boat and land themselves in frustration. It is going to be dangerous for them and also to the country. And the country has a right to expect help from elders like you.

It is really very unfortunate that your experiment in Mysore was not a success as anticipated. Reasons are many. Our own people were not convinced. Secondly, the Sphere head of the experiment was just a good man, but not a genius with original ideas. A man like Dhandapani could have done wonders - of course with other persons to assist him. So, the fault is not in the experiment, but in details. So, that need not discourage us from taking further steps.

Parson met me in Bangalore and mentioned a series of allegations against Rama Rao. He has some personal grudge also. But he may be effective as he has collected a lot of material and he claims he has a lot of support in the Executive also. Remale is said to have gone away. Well, I could not listen to the other side.

I still think with a fresh you must visit with Pandiji and prepare a new charter for your work in India - as you did in 1923.

I hope you are OK. Namaskars to Amma and love to Lg and K.

Dear Padmabehn,

I am sorry I have had to take this ~~drax~~ drastic action. More than a fortnight ago, I sent the copy of this note to you asking you to write to me. If what I heard in Bombay was false, you could write me so and I would take the concerned friends to task. Or, if you thought you were right in speaking against me and others, you could give me the reasons and I would have satisfied you.

But, you did not do either and you have started writing to people. I saw your letter to Shri Navinbhai telling him that you want to discuss about me. Let me assure you that both Shri Navinbhai and myself are most interested in Seva Dal work and we shall never spoil our relationship. We love each other more than real brothers.

Even as I write this, I am not against you. I well remember all the good you have done me. I remember your hospitality when I came to your home- you gave me very good food and all that. But, at the same time I must say that you are not acting in Seva Dal spirit when you talk against other workers. And that will spoil the organisation. You did not care for my warning and so, I had to take this action with much reluctance.

Dear friend,

When in Bombay on November 8, 1961, with great astonishment and disgust, I came to know from at least three sources that Smt Padmaben Patel, the SOC of Congress Seva Dal, Bombay had been carrying on an obnoxious campaign against me, Shri Navinbhai and Shri Madanbhai. I am at a loss to understand any reason for this childish action.

Soon after coming to Bangalore on Nov 10, I wrote to Mrs Patel asking her to tell me why she did it, so that we might settle things between ourselves. I gave her a week's time. Instead of doing it- which would be in the interest of the organisation- she has started contacting other people concerning the issue!

While I am not in the least bothered about the consequences of the campaign, I am constrained to say that the action of the SOC is basically against the Seva Dal spirit of unity and understanding and is harmful to the organisation.

Hence I have placed these points before you with the request that whatever action you may deem fit, may be taken, including an enquiry.

Yours sincerely,

My dear Doctor

It was good to hear from Jayaprakash that you will stand the UP tour well. When I saw the tour schedule, I was a bit worried. But I know you have that stamina, which often can outdo younger men like us. I hope you are in good health now. What is your programme for coming days?

I am here for more than a month. Shri Bhabani Pattanayak who is now the Special Secretary and Vertually the Minister of the State Govt, was our trainee in two of our camps and so, it is natural that we get all our complaints from him. Till now, this is the one place where I find that our Jan Sangh, - particularly financial - are receipts are nil and military very small sums. Further, he acts

on it at once. So much to do if we can carry
session to build an ideal Volunteer Camp
for this session.

But this border question has come
and necessarily changes the air. It
is certain that if we hold the session,
it will be at Bhubaneswar, the capital and
not at Puri. And we are not sure if we
are holding the session at all. However,
our preparation is going on. We had a camp
at Puri and 30 men and 15 women attended.
The staff was good, but we had to face
the nature. One terrific cyclone and
rain submerged the camp - also inside
is knee deep water. All including Maitra Bhai
were suggesting we should leave the camp or do
some thing like that. I was glad. And
thankful they agreed with me and we
came through the camp. We have good training
and now the Captain may they can go
to NEFA or Ladakh!

Bhabani Babu was immensely happy when I asked him to become a good boy for you - they all say you never came to Orissa and this time you must come. You can also think of bringing me or his writing like scrapbook as you suggested.

National part of our work now is directed towards National Defence. At present, I am thinking of Orissa. We have already had some meetings and on Nov 14, we will have statewide fasts.

I do not know if we should and could do more and what that could be. Ananda Raja is in Delhi and is attending some youth meetings etc. I think now, our efforts should be combined and well coordinated.

I hope you are in contact with the elders in Delhi

My dear Doctor,

With this, I send the copy of my personal letter to Lal Bahadurji. The language and the sequence of thoughts I may be very pleasant. Secondly, I may even be excused for giving more importance for a future problem than to the present urgent emergency. The point is that on all sides we see great enthusiasm and plans are afoot to cash this enthusiasm for protecting our borders. It is really good and in it should be.

But in our anxiety to protect the borders, we can not afford to ignore the future. After all the basic security of the youth face a vacuum after the crisis, it can be a great danger.

And if the saying - Strike the iron when it is hot - by giving proper application - it is hard. We can bring all our resources with a united national movement - the resources, it will not take much expenditure. If this could be kept living along organised lines, that will be the greatest treasure of the country. By only the above three agencies, we can shape our lives

It does not mean the urgency the people were facing yesterday. I want to know Dangeli Hari should come back or go to NEFA in anyway I am sent. I have suggested that the hold camps - or rather the huge masses of people along the border. Let them gather in hundreds, carry flags, sing and shout slogans and also do some constructive work. Helping the army will be the first duty. The very gathering of people, I am sure will boost the morale of our soldiers and demoralise the enemy to an extent.

I believe you are closely following developments in Delhi. The base work here is over. For the session I will leave some notes on different items and think you leave here by about 11th 23rd

My dear Shri Lalbahadurji,

I was a bit hesitant in this purely personal letter to you; the only encouragement I have got in writing this is that you have always replied my letters and your replies have been comforting and convincing. So, today, I sat to write this after many postponements.

Naturally, wherever we are, all our thoughts and actions at the moment are directed toward fighting the Chinese out of India. So, though I am here mainly to prepare youths for building the volunteer corps for the Congress session, now those volunteers are having programmes for consolidating our people's energy for national defence. From the centre also, we have been getting directions to this effect.

And, as time passes, there may be a demand for all institutions and insividuals to work only through or under government. The security of the country may require it.

I hope you remember that in my note on youths and also in all my personal letters, I had been repeating one thing- there should be an agency to hold all our youths and also children together, bound by national spirit. Today, as Dr. Radhakrishnan put it, Chinese aggression has its advantage also! We have taken to mobilising our youth energy through the N.C.C., T.A. etc. A vast population of the youths will be covered by the programme.

But, Panditji told the Lok Sabha that he hoped that we would not become a war minded

war minded nation. We are no doubt, cofident that we have a leadership, under which, the question of our country becoming war minded i is totally ruled out. But, we shall always be prepared to fight wars if injustice like like the present one thrusts on us. As long as the aggression continues, there is pressing need for training all our youths for fighting.

My plea is that this great achievement of bringing all youths under unity- achieved for the first time in history- should live even after the crisis is over. We have been rightly warned that this may be a long drawn out war. But, friendly countries are trying to find solutions along just lines- which correspond to our own lines. If there is a cease-fire tomorrow, our youths should not find it a problem to spend time. As Gandhiji gave us constructive programme even when we we engaged in fighting the British, you could give us post-crisis programme from now on. Youths who do not actually go to the battle field also should have something to do.

Secondly, the switch over from war activities to peace activities should be gradual and natural. From this point of view, it may do good to associate some social workers also in our present youth-mobilisation work. Perhaps elders like Shri Jai Prakash Narayan also will be willing to cooperate. We can prepare plans to maintain and continue the youth movement in future. That will give us a great store of energy which can be success fully used for nation building work.

If you have a list of workers, please take my name also for whatever work you need me.

With respectful regards,

Yours affectionately,

My dear Doctor

I hope you got my two letters along with the copy of my letter to Shri Lalbahadur Shastri. I wrote to a couple of others. I am not very optimistic about the results, though I am clear in my mind that my suggestion is practical.

Now, I am sorry that I have to write to you something which you may not very much like. The national situation is such that all that we write and think now, should have only one objective in how best can be useful in national defence. With these, I am doing what little I can. And to the end, I have written that I am prepared for any work from getting Savings Certificates to joining the Indian army going to the battle field. I am waiting for orders.

But, apart from this, I have to ask you to give me a date from which you would release me from the office. It may be any day, or say six months. But I must a date so that I may arrange for some alternative

I am ever thankful to you that you brought me to Delhi. I do not know if I have been useful to the organisation during these 12 years. But I assure I have gained. I also remember your saying that you would release me after I worked in Delhi for 1 year. Now it is 12 years. After the one year period, I felt you were very thinking of my getting away. And on my part, I thought that it could be wonderful opportunity to take this as a life long mission. Elders like Athreya also encouraged me along this very idea.

But you know I was very happy all through. Personally, there are few people as contented as I am. I get some Rs 300/- more than sufficient for a month. I still half of it here. I am giving my entire room in Delhi. And at Delhi, I have affectionate children to play with. I have the same pleasure while working outside as I have occasions to meet so many good people and work with them. More than all this, I had some excellent colleagues, not to speak of the parental affection and encouragement I always got from you

If I had one complaint, it was that the organisation was not growing - in size and strength - as I had expected it to. But, I was pulling on with the hope that as days would come when things would change. [illegible] when you [illegible] of the need for a revolution, my hope got strengthened. But I am getting disillusioned by this also. Still, I held to the organisation for, if Sera Dal was not very effective, other organisations were worse. Some of them did not exist as movements. So, I pulled on with the Dal.

There was another dark aspect - personal relations. Almost without exception, it has been nice with all. Even with Padmaben. For what she had done a year ago. I keep normal relations in talking etc. Last time I went to her home for lunch also. On purely personal levels, it has been the same with Dhanuben. I remember with gratitude how he and his family nursed me whenever I fell sick, in Delhi. They took as good care of me as my mother at home would take.

Now apart from this, organisationally also, I have always wanted some decent dealings. I do not much care if I was said to be inefficient, but I can not tolerate being termed insincere. That is rather too much to much that. I can not see it off with the thousand

50

advantages that I have been getting in the Dal and also the easy life - ~~unbearable~~ inviable as it is. An issue arose and I asked Inamdarji to release me. He wrote that I should ask you.

There have been quite a few incidents like that. He would ask me to do a thing and leave it to me to work out details. When the details did not work according to his expectation, he would go into a rage. Whenever I saw I was at fault, I kept quiet. But otherwise, I would protest. But still, for many days, I considered this also a ~~lesson~~ lesson in training. But at the latest incident, I had to repel. "I am prepared to admit that a man can get training till the last day but not when the lesson is the same" - same, that is, you ask him to do a thing; he does not do it as you expect and then you go wild. My only assumption could be that you do not want me there in the organisation.

I was planning to go to Madhya Pradesh. But Orissa Congress Session came and when asked, I said somebody who could express himself in English should be there. G.V. I asked me to go. I do not deny that he might have had different calculations in his mind

I came down to Orissa. He wrote to me to ask why I did not go to M.P. I explained. He wrote back that I should give my programme in writing after we had discussion anytime. I replied that I could certainly give it in writing, but I was sorry at the tone of the dealing which suggested an utter lack of understanding and esprit de corps among us and I wrote to him. He wrote back to substantiate his point of view, that I worked as a free lancer etc. Again I wrote that there has not been a SINGLE INCIDENT where he asked me to do a thing, in clear terms and I went against it. Still, if I had preserved all his letters, they would successfully go to show that I was nothing but a "bundle of disloyalties". And in the face of the imminent possibility of adding some more changes to the bundle, I said he should release me. I do not foresee any time limit. But I want some peace of mind. Anybody else works wants it. So, let there be a date. For all this, he replies - "I think it would be better for you to be in correspondence with Dada and seek his advice in the matter. It is for him to advise and decide. So far as the problem is concerned, my part is over."

Hence this unpleasant letter. But you (Devlin) brought me to the A.C.C. and made me what I am, perhaps against the wishes of some. Naturally, it is you who should pass orders for any relief. Please do.

I do not know what I will do. It looks pretty bad and all along it appeared unthinkable that I should go seeking employment. But I do not think there is any reason in going back to the legal profession now. More than a decade ago, when my father got a little disappointed over me, he made over his profession and goodwill to a friend. However, fortunately, my needs are little and so, I am not bothered. If you can help me well and good. But otherwise also, I will not repent. I will not be sorry when my relations will improve for my career. It is all along like this - just give and take and so, I need not be sorry.

As for Sir A.D. - well, how can I express what it was to me? But I value decent dealings and personal self-respect. Call it egotism if you like - high and low, I must go. It will be unnatural for me to work as an officer in I.O. when Mandrajee has no faith. So, kindly do not think of cementing.

You may take action on this after the Emergency is over. Rest assured, till the last day, I shall be diligent.

Respects yours affly
S.N. Subbarao

My dear Doctor,

I have been busy with election. You have seen the result.

The election was run by the Congress Party and Gupteji the chief minister was responsible for it. So I was just a symbolic candidate who had no control on the work of campaign

there and promise to go round
with us here & there & we
want a real holiday.

Please let me

then we will decide the

So, you will not come to Delhi now. Many friends enquire of you. Dr. Keskar told me that Shatapathe has done benefit to your health and is now very good now.

It is very kind of you to enquire of many people. Mathai keeps on complaining. Three of his wives stay and now, the fourth sister is transferred to Madras. However, the fifth daughter comes back after 2 months in a job in Bombay. So, these two brothers are left with mother. Nirmal Jayaram has entered the Engineering College Lucknow in 1st Year.

My dear Doctor

I hope you got my letter and programme of tours. I like meeting and meeting people and so, I hope to enjoying there four months.

I launch the Plane Lighting Ceremony in Delhi on August 9th was quite successful. It was nice that though we had rains both prior to and after the function, it was clear on 9th evening. As we follow 5th AICC, we had almost all the AICC members and MPs attending the session. Of course, the Assembly was very hollow - all the same, for, you were not there. I can not say how I was missing you shame my feelings.

And I made a reference to Pandit ji when I got a couple of minutes, alone with him. Even then, I found that your name created a small excitement in him. Twice, he asked me. "Oh, did you invite him to come?" Now, I feel, I should have talked more with him As I had not at all expected to meet him at all that I discussed him superficial.

And then was Dr. Keskar also, Today disappointed that a chairman of Planning Commission of Delhi was left

Besides planning for the function on 9th I have prep and a pamphlet for 40th years. It is having ~~and~~ contacts - Typing is taking time. I hope it will be out soon.

In my front, is your letter dated 24.6.63, addressed to Gauhati, in which you have written, "I do not believe that any organisation today, ~~(illegible)~~ as we are, will be able to show any good results and prove worthy of the name". I have begged to differ on this point and I think I still hold that opinion in future also. We have (as I have) the restricted vision to the small aspects that progress has begotten us. But when elders just take stagnation for granted, I think it is hard for me to keep ~~quiet~~ quiet. Or, I think rebuke. But we are all ultimately interested in the general good of the society.

Will be meet in Mysore at the Rally Please do make the trip to Pune. Deepak invited you on ~~behalf~~ behalf of the Reception Committee.

I hope you are keeping well

Pl. write to Dalbir also. With regards

My dear Doctor,

Thanks for your card of 28.8.63. I got it as I came from M.P. yesterday. Tomorrow I leave for M.P. I am arranging the tours.

It is agreed that all things will be there as far as possible when the Planning comes there. From Sangli, I will come there about October 12 and stay on till the 15th. I am planning to do Orissa this month, so far from Ghatkopar, I can't go to Mysore Rally.

Krishnan somehow does not seem to have impressed you. I hope you do not mind if I differ a little. After all, you know the average calibre of people we are getting I repeat. Unless we change the whole outlook, we can not expect to get better elements

My dear Doctor

Little this I keep a copy of my letter. I am posting it shortly. I heard - just minutes for me - that they - the Servants of Servodaya Mandals also. Haven't officially, I know nothing I hope you are being consulted. From the inferences, you can easily draw from the copy that I am sending you.

For the first time, I am enjoying Gujarati hospitality as it is quite inviting. I enjoy visiting colleges, hostels &c and speaking to the youths - we like each other. Tomorrow, I go to Bombay and take train on 25th for Cuttack in response to a wire from them. I will be back in Bombay on Oct 1 or 2.

Pathan wants me to go to Salem & Sangli. The plan is to reach Ghatkopar by passenger at 10.32 AM on Sunday 13.10.63 then I want to take the Express leaving Ghatkopar at 10.30 PM on 15.10.63. If you are agreeable to this, kindly ask the Railways Dept to reserve my III Sleeper by that train to Bangalore. I hope to meet you at Bombay.

Gram Bharati is a nice project in Mehsana district Gujarat all manned by Servodaya workers. They want you to visit them sometime. You will enjoy it if you agree

Thanks to Dr Vaidya for his kind invitation card.

On tour in Gujrat
September 22, 1963

My dear Shri Lalbahadurji,

Since I left Assam last July, I have mostly ~~xxxxxxxxxx~~ been moving. When I spent a short time in Delhi last month, Shri Bhabani Banerjee and I came to your place one evening, but you were away. When you came to Ahmadabad, I was in Saurashtra- and I know you were all busy there. I am still moving in different states in connection with some rallies our workers are organising. The Seva Dal Flame is being received by thousands of people and it is being carried into hundreds of villeges and ~~xxxx~~ towns by the 15 Seva Dal cyclists representing as many states. Some say that this is one of the most impressive programmes that the Congress has organised in recent times.

With great interest, I have been reading press reports of your meetings. Naturally, what interests me most is that you and your colleagues are working on improvements to be introduced into the constitution and methods of the organisation. This is very essentia to regain the prestige and confidence it wielded in the past among the people. We all eagerly pray for the total success of your efforts.

I am sure you will consider Seva Dal also. I write this particularly to you because you are one of the very few elders who took some personal interest in the Dal. However, the pity has been, as I feel, we have never been able to cash the affection and regard that you, Panditji or others had for us. We stay where we were and, unless something drastic comes out, there is no chance of any improvement in future either.

Seva Dal has brought together a set of dedicated youths and it is no doubt a great joy to sit among them and work. But, in the absence of a

far reaching but practical vision and perspective, the dedicated group loses all significance. And on the practical level, the whole organisation reduces to a machinery, meant not even serve the party, but to serve the individual who dominates it at the respective level and such individuals are not always of any high calibre, character or integrity- what to talk of serving any high ideals. So, in the ultimat we find our workers and volunteers (some are educated and learned among them) mastering in the art of supplying water or cigerets to office bearers of the Congress Committees and no more. Even during elections Congress Committees often prefer outsider youths- whose loyalties nobody knows- to our youths. In this context, if a woker like myself goes to a group of college students and speaks to them of the high ideals and objectives of Seva Dal, what effect can it carry?

In effect, we lack a purpose and high objective to dedicate ourselves for. And this is exactly where you can really help us. If we want the Seva Dal to live as a vital organ of the Congress, it should be provided with somethind worth dedicating for, a thing of which its members could be proud. It is in the absence of such a thing both at the ideological and more, at the practical level, that my mind went to other movements, I began to feel that the Dal could not get out of the rut it has fallen into So, I had sought your advice and accordingly, I had even contacted Dr Shrimali and Gen Bhonsle about the Discipline Scheme. But, if I could be happiest, it is perhaps in a purposeful Seva Dal movement progressing along a set vision. At this stage, I seek to make two suggestions which I hope are very relevent.

In view of the structure of Seva Dal, if it could be giveh an honourable place within the Congress, it can be by recognising and fecilitating it to be the instrument of producing trained workers for our organisational, constructive and also parliamentary wings. Though Congress has in principle accepted that training is essential for its workers (I include leaders also in this catagory), after Gandhiji, concen-

consentious efforts in this regard were never done. The occasional camps for Congressmen were not as a part of a set programme, but ad hoc arrangements, specially to prepare electioneers and not social workers of all round efficiency. And, Seva Dal has been trying to specialise in methods of training youths along Congress ideology for 40 years; but still, when Congress conducts camps, Seva Dal rarely comes into the picture. It suggests a rather dislocation of things. So, now if the Dal is to be effective as a wing of the Congress and if it is to play a useful instrument in recruiting new talents into the Congress, on the one hand, training in principle should become an integral part of Congress organisation and on the other, Seva Da should be made the official instrument for such trainin Only such an arrangemant will make the Dal worth living

A second vital role that Seva Dal can play is in the field of National integration, again a field, where in small scales we achieved total success, but unfortunately, it has not been recognised by those concerned. The forces which most effectively crash our efforts for integration are communal youth and politica organisations and antinational sentiments among our youths. Those who have seen Seva Dal in action will agree that this is the one right answer to such problems. But it requires streamlining of the organisation along those lines. I have great regard for movements like the NCC, ACC etc- but by the very nature of things, their scope is limited. Military drilling does help bring bodily discipline- but that is not all that is needed for ideal citizenship.

I have ventured to place before you these two points for giving new life to Seva Dal. It is not a happy experiance that after worked at the AICC for more than 12 years, I should be just feeling disillusioned about the potentialities of my own work. So, with high hopes, I have written this and I will be highly grateful if you could please write a line in acknowledgement. Tomorrow, I go to Bombay, then make a short trip to Orissa and again return there on Oct 1st or 2nd.

Incidentally, Seva Dal friends of Nadiad in Gujrat were asking me to request you on their behalf that you be their Chief Guest in their rally in early November- 9th or so. They may have written to you also. So kindly see if you could oblige them.

I hope this greets you in the best.

With very kind regards,

Yours affectionately,

My dear Doctor,

12th of this month was a memorable day for Nagpur - the procession was unprecedented. Congress men said that they never had any such programme since 15th Aug 47. The route was long and pace slow. So, it was past 11 PM. when the public meeting started. There was a meeting of some 30,000 people; but it was intermediary soon leaving a small no. by the end. Estimates put at 4 lakhs people witnessing the procession. They did sell in getting small pamphlets flown by airplane over the city.

I collected some Veterans - Appaji Ignatius, Narayan Rao Ranke, Tidke, Appaji Tijare, Subhram Time gathered. A photo is taken and I kept talking and listening to them for one hour - I wish we had more time. They were all enthusiastic in replying to my queries and they told go on for 3-4 hours; but I had to run for my bus. If only you were there in this visit! Their average age was 65 or so.

Nagpur remembered you — Sevagram has every flame through the flame.

67

With this, I send the pamphlets printed in Nagpur. Though our workers are good, they lack planning. So, with all their efforts, I could get the pamphlets only very late. I will be satisfied if you are satisfied. We took out 7000 Hindi and 3000 English.

A copy of my letter to Hindustan Times is with this

Your remarks about Mysore and wrong as collectively responsible is still pinching me. It is, we should be collectively responsible. But in the present set up, I am supposed to be responsible only for M.P., Rajasthan and partly U.P. My dabbling with Mysore would not only be unasked for, but "an act of indiscipline". In certain respects, I have learnt to be short sighted.

Please give my regards to Gurjarlal, Dr Vaidya, Dr. Balarekha, Jamnalal and Uma, and good wishes to Jivanbhai, Sarmanlal Vimalla.

My dear Doctor,

By the time I get your kind letter of 15th at Bhopal yesterday, I am sure you will have got my letter and the pamphlets. I will be glad if you like them. And with this again, I am sending a copy of my article prepared for the same magazine (you have seen, I say (I was reasonably good)). I will be glad if you like it.

Where did the photos go? Dwarkaji today says he did not have them. I am positive that I left them with you when I saw you at Dr. Panditas. Some thing must be lost either in your house or at Dr. Panditas. Further, I had asked my younger brother Ganesh to see you and get you as many copies as you want. He goes by 9 to college at 8 AM and returns at 8 PM. He may not have found time to see you. Anyway I will arrange for your copies. Please do

her mind that delay – I am having a lot
(address too many meetings – till last or night
at times. It may not be very good, but
people appreciate it). So, could not do

After a day in London, I go to Jamshedpur

I have reminded my brother Ganesh to send the photos to me... I will send them to you.

12 for 3 hours, I sat with Kumrat, at his house. At the beginning, he was a bit aggressive, though he could put forward a long logic as he always did. So, I spoke rather frank and blunt. I began, "The higher in stature you go, the humbler and more patient you should be" etc. I said he should have at once gone to Delhi, for which he said: (1) He did not refuse to go, but wanted more time, (2) He resented going to Delhi - as He claimed that Delhi ~~was~~ elders - SV I - should attract workers, but it is never so, (3) He has written all that he could say in person, and (4) He knew what SV I could say - "Resign" on your own. He said he knew SV I's work. And when the MPCC asked him to take up the work, it is for the MPCC to remove him; Why should he resign, he asked. I just said, (1) Do not assume things. (2) obey first and then quarrel and (3) It is wrong and bad to think that the world is always hostile to you. He made an Express (like to SV) and one ( ) asked him not to make it Express) to you. I have told in Bombay that he was wrong to Delhi. He may have ~~received~~ thrice by

March 5, 1964

My dear Doctor,

When you saw me off at Egmore Rly station, I could see that you were a little worried as I did not have sleeping accommodation. However, it was not necessary. You know what happened! Your friend Edward Kho T.T. was nice to me, we kept chatting for a while. Soon, a boy of the Students' batch, which had filled the coach, recognised me as the same fellow who had once visited his school in Jodhpur and gave them a lecture and some songs. He dragged me to their group, which was lost in singing film-songs. And with my entrance, they passed on the initiative to me and till midnight, they were all singing patriotic songs with me in loud voice. And in the morning, the marriage party came complaining that I did not join them; so as we reached Poona, I was still leading the marriage party, including the 'groom' in a number of our Songs! Obviously, I could get ample place for my camp cot too!

And the 5000 boys had a fruitful day in Poona. As we shared it at Kamini's house with MPCC General Secretary Shri Sharma Rao Kedar, I told him of the original 5000 and asked him to go to Shatapurthana. He has agreed.

Vadilhai had got up a meeting for me in Bombay. They may have the Mtg in Bombay by May 7-9 or so.

I could not meet the Mtg president. I could meet the Gen Sec – Shri Sedam. He seem to be happy with Kumar. But I had no occasion to talk details – e.g. how Pathan was treated etc. I think I will write a few lines after Delhi –

Contd. Delhi 6.3.64

Kumar bhai did well in coming here. He came here yesterday morning and had long sittings with Sri. They seem to be reconciled. So, I think it will go on. You need not worry much. Pathan, of course, will have to be rehabilitated.

I've I have your letter and the copies of the books and not yet read – I will do it today. I hope to attend to the work soon – Now, I will write again.

I am sorry I could not take leave of Jivatlal and Vimalben. Tell me the Limits became to bid good bye.

Both in Bombay & here, all are enquiring of you and your health. I say he is well.

My dear Doda,

I take you are back at Cuttack and are keeping good health. Those photos, of which you were wrong are all safe here. Through one of the cyclists, they had reached Nainithal and he may have left there home. He left Delhi today. They were made by Kattis Art Studio, Belgaum. Perhaps you can get other copies. Should we send them to you?

Then I found home that Chandrakeji is entrusted with the work of the book on Flame-photos. And as you are away abroad, SVJ does not like anybody "interfering" in the jobs given to me. The couple of ideas I had in my mind are forwarded to them both and so, I just wish it well.

I am sorry to return to the unpleasant issue. But I have to. You were to write to Chandrakeji about my resignation, but the letter has not yet come. As it is, it is not advisable for me to stay here in Sena Dal for long. I have to write these things to you, because, in case the fateful (for me) decision had to be taken one fine morning, I will send the resignation letter only to you. SVJ has made it clear that he has nothing to do about it (perhaps, except be happy). And, when the letter goes to you, it should not be a surprise and you should not say that I did it bypassing your advice. Apart from it, I do not much mind what others said about it (you once suggested that the youngsters made their opinion of me).

16

Currently, I am given an interesting assignment — in response to my own suggestion to Shri Rajagopalan. I go accompany Shri Kamaraj for 3 days from 20th, in Rajasthan in order to translate his speeches into Hindi (from Tamil). That will be temporary relief. Now I make a small trip to M.P.

I told you all about the immediate cause for my resentment. It was one of the offending letters from SV I, which, I think, could not be stomached by any man with some self-respect.

As your letter has not yet come, I must to point out other part of the picture to you, though it is something I hate to do. As it is, it should be none of my business to see what privileges SV I gives to any other worker. But, to what extent? When he brought in Nanubhai, I welcomed him. He said I made no strings the foreign man — I said 'I have no meaning for these grades — We will all be equal'. But his manipulations started right from there. Why, he only knows. (1) When SV I arranged a salary of only Rs 10/= in excess of mine to Nanubhai, he came had certain ideas. He is calculating and none can deny it. (2) It was only one incident. He specifically said I should be on the staff of a camp and Nanubhai was made its Commandant. (3) Nanubhai is granted I class passage and I get II. Do you know how many times I was forced to take I, due to pressure and I spent the excess from my pocket?

I know how miserable you felt when once S.V. I said I've got good places in I and hard toys II. Nobody ever cared to know how many times each month I spend sleepless nights in trains. I do not grudge it. But why this discrimination? Even if I get I class facilities, I morally go by III. But all that I want to bring to your notice is how efforts are being made to shake me as the "Smaller of the two" by the workers. (4) What am I in the organisation? Let alone conducting camps - I am rarely allowed to go near training camps. It just means that I have lost all touch with workers - and hence, the organisation: for 3 years!

Now, let me also write something, of which I used to feel ashamed even of thinking. Take any field - drill, songs, ~~speaker~~ study-classes etc, any one, except S.V.I. - perhaps I can even include members of Nanibhai's family - feel that I do. The job fetches them N. Just one individual - Anandayi - has decided, for his own reasons, that I am useless for Seva Dal. But nobody questions him. If I revolt, it creates split. So, I go.

I have no objection if you keep this very letter in front of S.V.I. - but it may create hatred. I do not know what he has against me except that (1) I talk in meetings (2) I approach leaders - you know how and when. Should I still go on in the name of discipline? I am afraid discipline is not submission to discrimination.

(Cont'd)

I am never allowed a song in Nasik. So, I have no chance - given no chance = in the following standards & conditions

Not that I am against anybody coming as my superior - if he is superior at least in one sphere, I will take benefit by learning from him. But there is a man, who it is reported authenticating, transfers by his claims and charges I claim fame from the office - it is invariably so; by himself, does not create any impression anywhere. He is busy forging against me. How can I accept him as my superior that S.V.I limits when standards fall, workers and volunteers begin to rise also and hold me responsible. How do they know that I have been totally cut off from the organisation. So, is it not good for me to go?

× × × ×

There was a phone call from Indira's office today. But I was away. In a day or two, it should be over. Soon after that, I shall go to the Chair.

How is your health?

Yours affectionately,

S N Subba Rao.

(2) It was a very pleasant experience on tour with Shri Kamaraj. I translated some a dozen speeches and people were highly pleased. They want me in further trips also, which I gladly welcome it. Naturally I met workers and congregations of Seva Dal and discussed the subject which we had framed.

(3) I am glad you liked the photos. After me, if any, kindly send them - at least the one containing only you - negatives to me to Delhi. We will need it often.

(4) I hope to meet the concerned ministers today and then, visit the work spot for 2-3 days. I expect to be in Delhi about April 3rd or 4th and I shall contact Dr. Keskar.

Both Chavan and Desai might have written to you. What to be done about the odds left at the CSWB? I have written about it in my last letter.

(5) Rattan Seva Dal friends have constructed a hostel at about Rs 10,000/- They want you to inaugurate it in May 7 this year. Please write to Masood Ahmad, Shram Shibir, Rattan if that or some other date would suit you.

(6) The elder Nandedkar (Indore) has some eye trouble due to diabetes. ~~He~~ The people N suggests that he should spend a few weeks at Ghatkopar and undergo treatment. I hope you approve of it.

My dear Doctor:

I shall be leaving Bombay on the 4th April by Daccan Queen and travel by Poona-Bangalore Mail. I shall be going to Hubli.

There is nothing particular except that the Lok Shikshan Trust has taken a heavy burden by buying (it is now in our premises) a new Plamag Rotary costing about 17 lacs. I shall strive hard to see that this burden is discharged in 2-3 years.

It is almost a mad venture. But it was inevitable.

All Gandhi Centenary programs are now almost over and we must now turn again to solid work on the socio-economic front. It is very unfortunate that at this critical hour in the history of our country, political parties should be quarreling without first attending to the basic needs of the people.

I hope this finds you in the best of health and cheer.

A line from you is always refreshing. My best regards to Dr Vaidya and others.

Your letter of the 12th and thanks.

① And thank you for the bank cheque. I did not go to Lucknow with the President and so, I met him only for a couple of minutes. And it will be good that I should see you before I did anything. Obviously, Shastriji will have had thousands of callers and letters and at the most, you may get a pointer asked in reply. If you do not call me cruel, I should say that even at 74, on the eminence of the fruits of the country, you should act.

② Report of the camp is not bright. We will have to move and bring people. Civilians can't [illegible]. On the main [illegible] - Uhen Shri Kathi

Your letter to my brother.

Thank you very much for your kind wishes expressed in that letter. I was rather hoping that you would be able to come down to Madras for my wedding. But I suppose it is too much for you to come all the way especially it is not cold & humid. Madras

I shall try to see you too on the way back to Poona.

My dear Shri Dhebarbhai,

I have your letter No. CO/118/70 of August 18 regarding Shri Bijay Kumar Dash. More than anything, the letter was welcome in as much as, it brought me news that you were attending to correspondence. I hope you are better. I strongly feel-I am sure, many others also feel- that you must manage to forget the office, the files, the accounts, the correspondence and all- at least for a month and force physical and mental rest for yearself. I can also suggest a wonderful place - GHATPRABHA near Belgaon, where in addition to the climate advantage and good medical care, You can rely on the affection & treatment of Dr. Hardiker. Please consider seriously.

I will write to Dash. We will seek your help; but you must be strong first.

With respects,

Yours affectionately,

My dear Doctor,

We propose to close the Jora Project of All India Long Term Work Camp (Shramdan Shivir) of the Seva-Dal about the 20th of this month. Started in May this year, the camp has worked successfuly and over 600 men and women, who participated in the camp, dug 80,000 cubic feet of earth on the Chambal Canal. For the closing occasion, we have decided to bring out a Souvenir.

I request you please to send us your message for the Souvenir. We will be highly grateful if the message reaches Shri Kirti Dev Shukla at Lashkar by the 14th of this month. I have to make this special request as time at our disposal is very short.

I do hope, we will get the message in time.

With kind regards and thanking you in anticipation,

Yours faithfully,

Responsive Reading
For The Reception of New Members

MINISTER: As a minister of this great congregation, I am privileged to welcome new members to our growing community. In doing so, I speak not only for those who constitute our present congregation, but for all who have labored with us in the past and who shall benefit from our fellowship in the future.

CONGREGATION: We are eager to share our fellowship and our vision. We are strengthened and encouraged by the desire of these new members to join our church community.

NEW MEMBERS: We count it a privilege to share in the joys and responsibilities of The Community Church of New York. May the ties that bind us together be strengthened day by day and year by year, and may the whole world community be enriched by what we have to give.

MINISTER: This is a free church. It has no creed. It requires every member to think through his own beliefs and to apply them in his life. It is a church of all peoples and all faiths, welcoming every seeker of truth, beauty and goodness regardless of his sect, class, nation, faith or race.

NEW MEMBERS: We pledge ourselves to serve our community and all our fellowmen. We shall take pride in the freedom of the pulpit and of the pew. We shall accept all differences among us as opportunities for the growth of love and understanding, and for the enrichment of our religious life. We shall strive to be unselfish in our service of the common good.

ALL TOGETHER: As members of a beloved community, cherishing freedom, truth and love, we pledge our lives anew to the building of the Church Universal, which shall make of all sects, classes, nations and races, one fellowship of men.

My dear Doctor,

I hope and pray that you are keeping good health. New year greetings.

We all missed you in our camp at Jora; I particularly as that was my last contribution to Seva Dal. I had at least expected a message. That too did not come. I am sending a copy of the book we published about the Camp.

I leave here on Jan 3rd for Durgapur. But I go there as Shri Ki's translator and not as Seva Dal Representative. Only this morning, Anandji broke the news on my telling him that I had not heard from you. He says, "Doctor told me that if Subba Rao wants to go, let him go". I will write to him.". I am sorry I did not hear anything from you. One thing is certain, in the existing circumstances, I shall not ~~look~~ continue to work with Anandji. Nor will he mind myself.

As you did not take any action in the matter, I wrote to the General Secretary. He has asked me to wait till Durgapur Session. I think that is the most I can do.

What I am more concerned is that the Hon. Justice Narayan as he is almost out of the organisation from tomorrow.

As I go now, I have the satisfaction that you have sanctioned my going.

With respects,

My dear Doctor,

I hated to commit the sin of pairing your seat and so I abstained from voting and may make the impression that you have forgotten me for good.

But I was told that in one of your letters, you had made a reference to my existence. Yes, I am alive yet. And now, after Narayan's martyrdom, I am developing a feeling that if I became the next martyr, it should not be cheap. And again, once in a way, you do remember those martyrs who preceded me and I hope it will apply to me.

I am sure a report will have come to you that Narayan ran away from Sevagram though Jayaprakash tried to persuade him to stay on. And I also know that if you have faith in

102

one man, it is Jawaharji. So, there is no
use of my or Narayan's writing to you
under what torturing circumstances,
Narayan had to go. Many Shris have
gone; now Narayan is gone, tomorrow
I may be gone. You may rejoice
in the triumph that the man whom
you selected to succeed you to lead
Seva Dal has cleared his way of all
nasty people like myself and has
his path free. We are all
nasty – they commit the biggest sin of
being liked by people where they go

Once you wrote to me that
you were unhappy at what happened
in the country. It was in reply to
what I wrote to you about Seva Dal.
When selfishness and jealousy dance
with pride under your direct patronage,
why should you be unhappy at what

happens in the country?

I should not be harsh to you. I look upon you as a parent. But where shall I locate the responsibility for what is happening? Don't you know how difficult it is to get workers today? For one individual's whims' sake, you are losing five workers. Of all the 80,000 members of Seva Dal that we claim to have on rolls, can you find another Narayan? He came here to dedicate his life and you - yes you have driven him away for the fault of being good natured. And again you say he ran away.

Apart from the ethical position that you enjoy among us, Doctor, you can not forget the fact that on the political plane, you are the official link between the A.I. working Committee and

Sera Dale. What qualities can there be for Sera Dale than that you have somehow interpreted this responsibility as having faith in all that one individual does and blessing him for all his actions.

I do not think there is any other organisation in the country today - including the R.S.S., - where one despot can play as he likes without reference to any agency, even when it comes to the ~~training~~ limit of spoiling the organisation. Because of you, the Working Committee does not poke its nose in Sera the affairs.

If I am still in Sera Ash, it is because the Central Secretary has forced me. But when eventually I have to answer the question 'When do you quit?', my reply can not be much postponed. As in the past, I do not expect a reply to this letter.

My dear Doctor

Am I shameless that I write to you again? You may not like to read it; you may throw it into the w.p. basket; you may never like to acknowledge, much less reply; yet, I write it. There is only one reason: if you spent 40 years for the Lucknow, I too served this organisation for a modest 22 years and so, I try to love it. What has been your mission in life? To build an organisation and give it its adoption to an individual. Who would make it an instrument to further the causes of yang,

energetic and idealistic men? To make it a purely organisation of such an individual?

When I got your message that you wanted me to leave this office, at once I decided I should go. (Jan 65) I thought my going out might do good to this organisation. But the events that immediately followed belied my calculations. The poor Narayan was kicked out. Mr. Nandan went to the extremes in unkindness towards him by writing on his resignation letter "I tried to persuade him to stay on, but he insisted so, his resignation may be accepted". For all appearances Narayan is the guilty person.

अखिल भारतीय कांग्रेस महासमिति अधिवेशन

Did you have a tear to shed for
Her jewel of a boy? Missing and
unremembered, the heart aching
He came here to dedicate himself;
he went back in humiliation. I have
the ambition to rehabilitate him
somewhere else; would you bless me
for success in it?

Yours. I lost interest in repeating
Narayan's performance. So, still I have
not implemented your orders to quit
I want to quit in a way that it
will do some good to the organisation
The sacrifice should not be without
results (using the word sacrifice for
Hedgewar and not myself)

109

Well, in place of me, you brought Navinbhai. In place of Narayan you are bringing Khursale (Let me make it very clear that I have nothing but love for Navinbhai and Khursale). I also hear that other women are being ~~with~~ victims also - maybe to fill places of Geradhan and others. You are the Sanchalak and you are fully entitled to do as you like But do we at least deserve to be supplied with the reasons of this victimisation. Why ? Why Navinbhai and not Subba Rao ? Why Khursale and not Narayan

Are you interested in impartial judgements ? Ask for reports of what Narayan did in Kerala Tamilnad

or in the Camps Shame the two seats
Are they worse than that of Khurode?
What are the achievements of Nanabhai
that made him an idol in your mind
I also have made certain humble
Contributions for this organisation's sake
Today even the P.C.C. presidents, with
whom I was not allowed any contact
(eg. There is a Section "Section 144
against me always in U.P., Punjab etc.)
will speak good of me. And so you condemned
me?

Once you decided that of the 3 years
1962 would be for training and Nanabhai
1963 for the Jyoti and Subba Rao and
1964 for Shivram Dan and Madanbhai
1962, I am in total exile. Yes,

I had that discipline. I was not allowed to visit Camps but was allowed to meet Campers I did not appreciate it, though I became invalid in the organisation by loosing all contacts But 1963 - again, it all went to Nambhai and I was no where I am brought into picture in 1964. for the Shramdan Shibir Even at the cost of being immodest I must tell you now, that I arranged for Rs 15,000/- for that Camp in 2-3 months. Does it not compare well with the same of any other All India collections?

And how do you reward me? You say I quit! And you persistently chant that I am a misfit and inefficient!

Ann Alright, if you are happy,

712

act that long Remove me by orders; I will go. But are you sure you will not throw others to the same fate? I doubt it very much.

No doubt Lal Nanibhai as an instrument of assassinating my career is being given all sort of the long and surprisingly exceptional facilities and Concessions. He goes to his hometown - I am told often in III class - and everytime he is paid I class fares. (I spend Rs 150/- minimum when I go home and no one is bothered about it). You know that he is being paid more than I. Even after all this, I can not predict that he will not be ousted after I am no more here. It will apply to Khansahib or any other successor

You have decided that you will shield Mr. Iranmar at all costs as you may well do it But even the dictators in History consulted some people or the other Daily with you consulted any of the so many PCC's in the country or any of the ~~head~~ departmental heads of the AICC office What they ~~told~~ feel about Mr Iranmar will you ask them Who attend the annual camp at Sanghi to speak freely? Are you interested in an unbiased study of the situation

I AM NOT IN THE LEAST INTERESTED in attending that camp and provide some more occasions to him to insult me He has had enough occasions My next attempt will be

to visit Shetaprabha and see you. Our desire is still there; but one mind the more causing grief tells me." Dr Hardikar is not the Dr. Hardikar today whom you adored once yes, he has stood witness to selfless workers being pushed out for no fault of theirs and still, he pushes up the same rule. Is this the Dr Hardikar who was a parent to all organisational workers, who became a part of the history and who was proverbially honest and impartial?

But, if you still want to know other views, call Gavandhar, Pathak & Sanghi and even Umesh - Narayan is misled out - I ask them to speak their hearts. Let me

115

not be there and let there be no reference to me

Where I am I trust and hope to be useful to the country and even as a man among men ask you to bless me for success in it

Do you like acknowledging?

I do not press

I am glad you are taking fullest possible rest.

Kindly convey my highest compliments to Sri. S.V.K., who must be adding to your joy of life by not only keeping company but also sharing your responsibilities, however few they might be.

Dear Namnkaha, 13

It is almost 3 maths since I wrote to you last and had your reply. From the end of May, I was absolutely tied up in a training course for new Representatives of our Company conducted at Bangalore. So complete was my involvement that I was staying at the venue of the course, Hotel Staylonger, B'lore till the middle of July. At the end of the course, I was appointed as one of the four Sales Training Officers with my HQ at Bombay covering Maharashtra, Madhya Pradesh & Gujarat. Others have been based at Madras, Calcutta and Delhi. Though our management would have preferred me to go to Delhi or Calcutta, I personally showed my preference for Bombay, with lot of commitments there. I went to Bombay for 2 days last month and again for a week this month before coming to Vijayawada for a short official visit. We shall be shifting to Bombay only sometime in December since I am involved in some work at our H.O. now in Bangalore and there is one more training course for new Representatives, starting sometime in November this year.

This time, it was Sri R D Karvekar of the Cooper Engg. Poona. Who had taken over Raja Iyer to S. prabha last time. As I sat in the IAC bus to go from Sri Nagar town to the airport on 7th I was trying to read a small book in Marathi by Dada Dharmadhikari Sri Karvekar who sat behind me talked to me in chaste Marathi, "where you with Dr KSH in Hindustan Seva Dal and did you come to Sri Iyer at Bombay?" I spoke broken Marathi first and then we shifted to English and most of the time, the topic was you. So, thanks to you, I got another nice friend.

My dear Doctor,

You had not acknowledged a couple of my letters and then I too decided not to write to you; Who knows, you did not like my writing? Or you did not have the time; and I too these days, have written a lot and still much remains pending.

But these are people, do meet some of them and they invariably relate me to you. Whether you acknowledge my letters or not, I have not this bar regard or appreciation for your total personality and as such, I always feel happy when people relate me to you—

I am quite happy - no regrets. I am again going to join work for Bangla refugees - a lot to do. Work is the same - only one difference; with Mr Nanda over your head, I always was forced to feel I was doing mistakes. Now I feel I am doing rather some service. Even losing he could change his methods & authority, he can be very effective. But that is not my subject now. I wish you, Lila and everybody all the best

Your card of 29 came to me here today I came here following this tragedy - Father died a peaceful death and had nothing to regret. We all six brothers are here and it is some consolation to mother.

In time, I have booked my passage - Poona - Bombay Sanmi Madhuparva. This event obliges me to be with my friend for a fortnight and I have to rush back. I can just spend a few hours with G. Prabha - in the hope and assumption that I will get sleeper reservation in Mahalakshmi Express from Miraj to Poona on 15th night

You command much influence among the Railways. Please phone G. Prabha Station Master to send a message to Miraj to reserve III sleeper for me by Mah. Exp. on 15.11.71. My Bangalore - S. My dear Doctor,

I thought I might be able to spend a day or two at Pratha Ashram I came for the Tarun Shanti Sena Camp which the Kasturba Kotis of Dharwar had agreed to hold in May. But only last night they sent me a telegram telling me they could not hold it. Still I am hoping we will have it somewhere else. Point is we are searching for a hall which could not cost more than 50/- expenses for the 15 day Camp for 150 and 3 day conference of 500 boys & girls.

Do you remember Asha Kapadia, Seva Dal Bombay? Her sister is Urvashi Kapadia. She did her diploma in Homeopathy after Intermediate and worked with a leading gynaecologist Dr. Mrs P.J. प्रिय बंधु,

हम यह पत्र आपको आश्रम में अगले सप्ताह में होने वाली प्रेरणादायी घटना के आनंद में हमारे साथ शामिल होने के लिए आमन्त्रित करने के लिए लिख रहे हैं। सर्वोदय कार्यकर्ताओं के विनम्र प्रयास के फल-स्वरूप चंबल घाटी के प्रमुख बागियों के सभी गिरोह ता० १६ अप्रेल को श्री **जयप्रकाश नारायण** *के सामने आत्म-समर्पण करने वाले हैं। इतने कम समय की सूचना पर आपका आना कठिन ही होगा जिससे हम आपकी उपस्थिति से वंचित रहेंगे तो भी हम मानते हैं कि आपकी सद्भावना और सहयोग हमारे साथ है।*

हमें लगता है कि समर्पण के बाद का कार्य और अधिक दायित्व का होगा और अहिंसा की यह विजय तभी पूरी होगी जब हम इस कार्यक्रम को अपनी तर्कपूर्ण परिणीति तक पहुँचा सकें।

My dear Doctor,

Thank you for your letter of March 27. I am glad to read that you received GPF literature and find it useful. Indeed, there is need for more literature from this side- but who could devote the time for doing it is the question.

On May 7, I must be at Ghataprabha. My diary says May 6. Only these two months are so crowded with all the schools and colleges closed. They want me in Nagpur on may 4, Bangalore on 5 and Kerala between 5 and 10. I will somehow make it and try to join you on the 6th- latest, 7th.

Just today, I am leaving for Chambalghati. If all goes well, over 200 noted dacoits would surrander to J.P. by the middle of the month. We are in a delicate state of the process; it is interesting too. Maybe, I could tell you the story when I come.

Please tell Vimaltai the 'kardant' was fine- there are so many to share that I get a small share! I hope you are all well. Regards to Ganutai, Dr Vaidya and all.

My dear Doctor

I do not know if papers there have published news from M Pradesh. The Chief Minister 'Who took people,' Subbarayan and I have 'worked together with the organisation' the other day criticised me in his public meeting for 'seeking publicity'. While this did not affect me in the least, it has put hurdles in the work. So, I am held up and my coming that side is naturally delayed. Mother also is sick. I do not know when I can come to see you and her.

With this is one Sri Kodandra Ramaiah letter. He was telling me of his courting arrest in flag Satyagraha in 1923 (I was not born!). He was 19 then. He hopes that a line from you will help him to get the Freedom Fighters Pension. To me, he looked quite honest.

I hope you are in good health. Are you invited for 14/15 Aug 72 to Delhi

I know it means nothing to you

Please give my regards to Dr & Mrs Vaidya, Vimal Tai, Yamuna, Shantatai Shankar Rajji and all.

My dear Dveter,

I am thankful to you for your kind letter. Newspapers must have told you of the flutter we had for a while. But it is over now — since the day I stayed at Sethiji's house as his personal guest. I am 'aggressively friendly' and so the differences could not grow. Now a Chambal Board is constituted by the govt. and I am made its Secretary. I could not write you because of all this. I am eager to come: I have also to look up Mother. But I have 429 masters in the jail and they are no ordinary masters! But I shall go for my father's death anniversary — maybe October and I must to spend a day at least in Ghatakopar.

In fact I suggested to P. that he should go to Ghatakopar for rest and health. He was impressed but he wants to be near his village in Bihar. He will be 'underground' for one year from Oct 11, his 70th birthday.

It was nice to meet Appaji Gandhi and others after they read J.V.D.S. Kurta Koti also was there. They were happy with the programme in Delhi...

How is your health? Are you keeping to your routine? Are you able to walk a little?

Please give my regards to Dr Vaidya, Vatsalaji, Manmohan, Shankar Raoji, Jamnatai, Vimaltai, Shantatai and all.

My dear Doctor,

Thank you for your kind letters. I kept postponing replying thinking I would do so when I am able to give you the date of my visiting Ghatakopla. It should have been in November. But Delhi has disturbed my plan. They want me for a conference - I am to be the main participant on Nov 23 and I have to be in Bangalore till Nov 21. Maybe it is not desirable that I make my Ghatakopla visit just an appendix, but that I should make a special visit to there alone. But this, I feel, will be possible only in January. I shall try to make it.

Otherwise, most of this time, work relating to the Surrendering dacoits hold me to Gwalior and around. I am organising my youth programmes also round around it. One mini Students' Camp will be in X-mas I am in Jabalpur also for a Youth Camp

So I will reach Gandhi Prabha by Karnataka express on March 5 and will take the train on 6th evening. I can speak to friends of YS - non-violent experiments, whenever you like at time limits, I can also go to Gokak.

Respected Hardikarji,

It is great pleasure that Biradari, as a part of Seva Dal Golden Jubilee celebrations, has decided to honour its founder & father on May 7th & 8th this year at Ghataprabha (Mysore State).

2. Though much do I desire to participate the esteemed function, I will be unable to do so being engaged in equally very important responsibility of our local institutions and the famine relief work too. I, however, convey my heartfelt good wishes and prayers for a long, healthy life and your valuable social service to the people through your Ghataprabha project of humanitarian service.

May the function be a grand success.

Wishing you a very happy time in the years a head.

My dear Dr. Hardikar,

I was heartened by your article in the Supplement of Deccan Chronicle this Sunday. Of course, another in Kannada has appeared in 'Samyukta Karnataka' itself.

A small article or two on the building up of the Hindustani Seva Dal would be interesting. The value of organisation & discipline has to be emphasised in India once again. Team work also is very much wanting. Unconditional loyalty is also very rare.

The operation has been fully successful. It may take a

week more for me to move about here. I am keeping at home for the last week after a week in the Nursing Home. My general health is O.K.

Please convey my best regards to Dr. M. L. Vaidya whom I could not meet on the occasion of my last visit.

Babu is O.K. So is Shri Sampurnanand. Though he feels lonely.

With best regards,

Yours sincerely,

Jayaprakash

दि. ९ डिसेंबर १९७२ रोजी निराधार झालेल्या आपदग्रस्त व्यवसायिकांची परिस्थिती

(78 न म्र नि वे द न

माननीय ----------,

महाराष्ट्रात व कर्नाटकांत सीमा प्रश्नावरून ज्या दंगली झाल्या त्याची सुरवात महाराष्ट्रांत कोल्हापूरांतून झाली. त्यावेळी जी लुटमार, जाळपोळ, व नासधुस झाली, त्यांत प्रामुख्याने सीमा भागांतील लोकांचीच मोठी नुकसानी झालेली आहे. ही वस्तुस्थिती पहातां आपणांस दिसून येईल.

ता. ९ माहे डिसेंबर १९७२ रोजी सकाळी १० वाजतां सदर दंगलीची अनपेक्षित सुरवात झाली. प्रथमत: दंगलीत किरकोळ दगड-फेक झाली व लोकांच्या झुंडीच्या-झुंडी शहराच्या प्रमुख रस्त्यावरून फिरूं लागल्या. त्यावेळी पोलीस खात्यातर्फे कोणताही प्रतिकार होत नाही हे दिसताच जणूं काय पोलिस संरक्षणांतच लुटमार व जाळपोळ करण्यांस मिळते हे समजून सदर दंगलीने उग्र स्वरूप धारण केले. त्यामुळे त्या चा परिणाम मोडतोड, लुटमार व जाळपोळ करण्यांत झाला. त्यामुळे हा भाषिक प्रश्न न रहातां त्यांस विकृत स्वरूप निर्माण झाल्यामुळे झुंड शाहीला प्रोत्साहन मिळाले.

जनतेची संरक्षणाची संपुर्ण जबाबदारी शासनाची असतां शासन पोलीसांच्या निष्क्रियतेमुळे कायदा व सुव्यवस्था संपुर्णत: अस्थित्वांत आहे कि नाही अशी परिस्थिती पदो-पदी दिसत होती. मोडतोड, जाळपोळ, लुटमार होते वेळी रिव्हॉल्व्हर घेतलेले सब्ब - इन्स्पेक्टरर्स, काठ्या घेतलेले पोलीस मख्खपणे उभे राहून सदरचे दृष्य अक्षाहत पणे पहात होते. त्यावेळी जरी लोकांचा मोठा लौंढा दिसत असला तरी सदर लुटमार, जाळपोळीचे वेळी कांही ठराविकच लोक भाग घेत असल्याचे पहाणाऱ्या-यांना दृष्टोत्पतिस येत होते. अशावेळी कोल्हापूरांतील निरनिराळ्या व्यवसायांतील अंदाजे ८० व्यवसायिकांना सदर दंगलीची तीव्र झळ लागली असून त्यांची लुटमार नासधुस, जाळपोळ झाल्याने ते निराधार झाले असून त्यांचे संपुर्ण जीवन अव्यवस्थ झाले आहे. त्यामध्ये आयुष्या भराच्या कमाईतून उभी केलेली मालमत्ता व वास्तू उध्वस्त होत असतां पहाणारे कित्येक वयस्क लोकही आहेत. त्यामुळे या ओढवलेल्या अनपेक्षित संकटामुळे निष्प्रभ होऊन कांहीच्या मनावर व डोक्यांवरही परिणाम झाला आहे. आम्हां व्यवसायिकांचे न भरून येणारे नुकसान झाले आहे. आमचे संपुर्ण भांडवल व मालमत्ता लुटीत, जाळपोळीत, व मोडतोडीत सर्व नाशा झालेमुळे आम्हां व्यवसायिकांना पुर्ववत व्यवसाय उभे करणे अशक्य झाले आहे.

व्यवसायांवर आवलंबून असणारे .....

आम्हां आपद्ग्रस्थ व्यवसायीकांचे धंदे बंद झाले मुळे आमच्या व्यवसायिकांवर आवलंबून असणारे ३०००कामगार नीराधार झाले असून त्यांची परिस्थिती चिंतनीय बिकट झाली आहे.त्याचप्रमाणे या व्यवसायांवर आवलंबून असणारे गवळी, भाजी-पाला विक्रेणारे,कच्चा माल पुरवठा करणारे व्यापारी,धोबी,पेंटर वगैरे वगैरे व्यवसायिक व कामगार मिळून अंदाजे १०,००० लोक असून त्यांनाही त्याची तीव्र झळ पोहोचली आहे.

आमच्या व्यवसायांवर आवलंबून असणारे प्रवासी (Tourist's व कोल्हापूरांतील जनता यांचा विचार करतां आम्हाकडे जेवणारे ४०, हजार ते ५० हजार लोक तसेच १ लाख ते १॥ लाख लोक उपहारांसाठी येत असत.त्यांचीही गैरसोय झाली आहे.त्याचा परिणाम म्हणून की काय कोल्हापूरांत येणाऱ्या प्रवाशांची संख्या घटल्यामुळे कोल्हापूरांतील आर्थिक व्यवहारांवर गंभीर परिणाम झाला आहे.

वरील वस्तुस्थिती पहातां आपणांस असे दिसून येईल की,आम्हां व्यवसायीकांचा व्यवसाय गेलेने हजारो लोकांची आर्थिक हानी झाली असून लाखों लोकांची गैरसोय झाल्याचे आपणास दिसून येईल.

आम्हां व्यवसायीकांचे अपरमीत नुकसान झालेमुळे व जवळ असलेल्या मालमत्तेचा नाशा झाल्यामुळे पुर्ववत् व्यवसाय उभे करणे आजच्या परिस्थितीत अशक्य आहे. त्याचप्रमाणे आम्हां व्यवसायिकांना दुसरा कोणताही व्यवसाय करणेचे आम्हास आमचे संसाराचा चरितार्थ चालविणे फारच कठिण होऊन बसले आहे.हा व्यवसाय चालविणे कोणतेही साधन आमचेकडे उपलब्ध नाही.

व्यवसायीकांना संरक्षण देणे संपुर्णत: जबाबदारी सरकारचीच असलेने व त्यांत शासन अपयशी ठरलेने दंगलीच्या वेळी झालेल्या नुकसानीची अंतीम जबाबदारी सर्वांनाच सरकारवरच येते म्हणून आम्हां व्यवसायीकांची कळकळीची विनंती आहे की,आम्हांस आमचे व्यवसाय पुर्ववत उभे करणेस सरकारकडून तातडीची भरीव मदत व संपुर्ण नुकसान भरपाई मिळवून द्यावी ही नम्र विनंती आहे.

My dear Doctor

I had to do 3 houses in Poona. But the other two towns out of Poona. So, I could visit only my brother Lakshmanrao and spend the night with his family yesterday my train left Sholapur at 6.40 pm ; today, at 6.29 at Kirkee. I am asked to preside over a function in Bombay today. If time cooperates, I will think of visiting Belgaum next month. But I am not sure.

Since that I have some time in train, I started this letter in leisure. Then the thought came to me, "It would have been proper that the question 'Who After Jawaharlal ?' was taken over ? when all of them had assembled in your presence." Sushilaben to her time and many die and new ones. I came for your sake. Now it may also be meaningless for me to write about this. Don't you think there is something fundamentally wrong with Congress that in 30 years, it could not produce a second line ? I am not surprised - a young man's coming up was hated upon, but alone being tolerated. I can think of a few excellent names, who were needed most. Their disqualification was their merit.

Registration No. 1904/20-10-73.
Certified by Khadi & Village Industries Commission

In 1969 Gandhi Centenary year, I left the Congress. My last brought disgrace to the country during Gandhi Centenary. Shri Nijalingappa and his ly. S. did not want me to leave. Shri C.D. Misra tried to keep me with Cong(O) for observing with me for one hour. I stated I must to be friendly with both and so I will be in neither wing of the Congress.

4 years outside gave me an opportunity to look at the Congress objectively. More than the men that they have made of India, what impression one more is this long they have spoiled themselves — corruption, wrong standing, drinking and showing of their wealth in the most vulgar fashion. How can I ask the youth of "India Today" to stand in line and salute them? I can ask austerity, sacrifice, wisdom, but not what you have in the Congress today. Even the so called radicals inside - want all the luxury for themselves.

You talked of my getting into the Congress with the objective of purifying it. That is one aspect. You

had asked what Vinobaji said. He had something to say about this purifying politicians (with which I did not fully agree). Both the Ganga & Yamuna have been trying for centuries to take sweet water to the sea and convert its water to sweetness; but they have failed. It will be the same to try to purify politics

During these 4 years a different image of India has been projected. The Sarva Seva Sangh has taken me off the list of their "Permanent Invitees" — the Congress could never commit such a blunder. I have almost laughed away when in 1960 I had suggested that you — Dr N.S.H. be elected Congress President. How could an austere man come up to that level. And lo — Sri Sanjiva Reddy was elected President

Secondly I am now closer to the country's youth — through the Colleges etc. The Planning Commission also invites me to some of its Committee meetings though it is difficult to agree on points when there

186 Camp I held at our Ashram Centre from 24.12.73 to 2.1.74 was attended by 289 Teachers & boys & girls from 104 Colleges & MP. I am still hoping to find the results in the new political scene.

More than all, there are 15 men & 3 women in my Centres in Chambal areas. A young man resigned his Rs. 1200/- p.m. job and joined me to work in a jungle. It is my commitment to them that holds me against getting back to Congress. Now all these 18 people are my masters - they have left their families and come on my call. We are diverging strengthening this, melem and grow it into a new kind of "Anand Math".

I will talk more next time

With respects

Yours affy

I too realised it only today. There is no book on Vinobaji in English or Marathi. His brother, Shivaji Bhave has prepared all the materials also. But Vinoba has forbidden the printing. The only one Hindi book of his biography is by Shivaji. But you did not know it. I am sorry. I did not know it myself.

As I had to visit Belgaum a few times, I had also occasions to call on the veteran, Dr N.S. Hardiker and each time, I sat with him to discuss the national situation. As can be expected, Dr Hardiker is most concerned at what is happening aroud us. While on the one hand there is decline in values, on the other, anti-national forces and forces of disintegration are slowly rising their heads.

In this context, neither the prophets of gloom can provide a solution, nor can those who are complacent to say that all is well. Practical and down to earth as Dr Hardiker is, he feels the solution lies in taking a positive step rather than blaming people or circumstances.

He appreciated the idea that a small group of serious minded friends who share his concern should meet and discuss and then see if a breakthrough is possible.

I am sure that you share this concern of his for the country and hence, on his suggestion, I am writing this to you. Do please try to spend the whole of May 7 with Dr Hardiker at the Karnatak Health Institute, Ghataprabha between MIRAJ (S.C. Rly.) and HUBLI (S. Rly.).

My dear Doctor,

Thank you for both the letters and the Note. I got them in a bundle of some 40-50 letters only today as I went to Delhi for 3 hours. Today I am on way to our Ashram, going to Jaipur, I am in Delhi on 16, Hardwar 17-20, Delhi 21, Bombay 23-26, Bangalore 28, Calicut 29, 30; I hope to be at Q. Pondy on May 5.

P.S. I have asked my office to cyclostyle your Note and send to all the addressees to whom my Note went. I have recognised and approved the trick to come, but expressed helplessness to come. We may have a small gathering of contributors (high my calls - say 20-25 BSD) say, Delhi, which be deputed to look after. I hope we will not be too big a burden.

3 I read Ramdas's reply just now on train. Its tone can be expected, it is pessimistic. He can represent their views but I am always a party man, and no independent opinion! Then, he writes BSD has been a failure. Lastly, a small group can not do anything.

Well, I differ on all points. Still I will go to attend May

My dear Doctor,

Thank you for your card of April 7. I did get you long letter, which has been cyclostyled by my office. Unfortunately, the colleague who had them with her is out of Delhi. So, I am not sure whether she sent it to the address which I gave her. I am leaving a message to despatch them at the earliest.

Shri Nittoor wrote to me to say that you were feeling weak. I hope you will regain by the time we all come. Elder friends like Shri K.K. Shah, Shri Radha Raman, Smt. Nandini Satpati, Shri P.C. Sethi and others have all expressed their inability to come and requested me to convey their regards to you.

From Calicut I will reach Ghataprabha on May 5 in the morning.

My dear Dr Vaidya,

Thank you for your letter of April 13. Doctor's letter will be a useful document to begin the discussions. I would guess the results of our meet will be somewhere in between the two extremes -- a successful blueprint for youth work in the country (need not necessarily be a single organisation bearing one name) or at the other end those who assemble will have the satisfaction of paying their respects to Doctor -- which in itself will be of no small reward. All the same your hit has ~~given~~ been very timely, for which I am thankful.

Kindly convey my regards to Vatsala Tai and others.

My dear Dr Vaidya,

I got the disturbing telegramme relayed from Delhi yesterday and was trying to get Ghaterpharka on phone last night but could not succeed. I did only what I could — he will have the meeting scheduled for May 7 at Gandhi Bhavan, Bangalore — and it will be a meeting sans the main draw — Dr Hardiker. Naturally, many of them will not attend. But the few of us will meet and see what could be done. Dr's paper will give us the basis for discussion.

I do hope Dr H. will soon regain health. As I miss coming there on 7th, I am likely to go there by the 3rd week

Dear Friend:

I am writing this on behalf of Shri Subba Rao who is out of Delhi. He has just received a telegram from Ghata Prabha to say that Dr. Hardikar's health is deteriorating. Venue of the meeting scheduled for May 7, 1974 should be changed.

Consequently, it is felt that the meeting will have to be held at Gandhi Bhawan, Bangalore, opp: Seva Dal Office. True that the main attraction of the meeting would be the personality of Dr. Hardikar himself and we will miss him. But in the present state of his health we all can only pray the he may regain good health and live long.

Yours sincerely,

My dear Dr. Modi,

I was glad to go through your letter circulated on the occasion of Dr N.S. Hardikar's 86th birthday. I took a copy of it along with letters from over 40 well wishers from all over India when I went to stay with him at Ghataprabha for two days. I am glad to write you that his health is much better now.

Among our friends there is much enthusiasm about the suggested extension of the activities of Bharat Seva Dal to other parts of the country; and naturally, those who have already been in All India organisations are skeptic. They have a relevant question, "There are ever so many organisations trying to do it in the country". The Bharat Seva Dal will have to convince them that we can and need do something that no one else has been able to do. A priority need will be to revamp the Bharat Seva Dal in Karnataka as a model to the country.

I hope this greets you in the best.

Yours affectionately,

My dear Shri Shrimanji,

I am happy I could spend a couple of hours in the hospitable atmosphere of 'Viswa Needam' and I was much benefitted by my spending an unscheduled hour with you that day.

On way, I spent 2 days with the 86 year old Dr Hardiker. His health was improved. He was insisting that I should do everything to reliven the Seva Dal spirit of the pre-independance days. He was enquiring of your welfare; it will be tonic for his frail health if you could ever make a visit to his 'Karnatak Health Institute' at Ghataprabha, 40 miles from Belgaum. It is a wonderful health settlement.

Though my first reaction to your scheme of camp-series at Sevagram for me was not feasible, I have kept on thinking about it. I do consider that camping as such as a very effective medium of bringing new people, particularly the youths, closer to the ideology, not only in thought, but in life as well. And further, I have the aptitude for camps. As you said, now that you also have made Wardha your H.Q., camps at Sevagram could be more purposeful.

As for me, I hope I will be able to keep my India-wide movements all through my life. I value the results of a person's constant work at a select place; but at the same time, I am constantly reminded that compared to what it was 30 years ago, the number of persons who keep personal contacts all over the country is almost nil now. As I have been among the fortunate few, I feel both the work and myself should continue to derive the benefits of these movements: the benefit is small to the country, but significant for me.

My mission is clear cut: work among youths. It is disgusting that our elders still think that certain I.A.S. officials will work and execute plans for youth mobilisation for the country's good! In all their eyes, youths mean the 3.2% of those who attend the colleges or can afford to play cricket! All the youth organisations in the country today have hardly touched the fringe of the 96.8%. That is the reason I feel interested in Dr Hardiker's proposal for a non-political youth

Contd...2.

organisation in the country. I am conscious of the hurdles that will come up.

Over all this, the Sevagram Camp project interests me as a necessary step. I am wondering if I could take it up even without betraying my commitment to (a) Chambal-ghati work - where a great Gandhian experiment is facing the prospect of going into oblivion and (b) youth work in general; in fact I have a hope that the Sevagram project could be linked to the other activities. "?

Regards to self and Behnji,

Yours affectionately,

My dear Doctor,

I spent a fortnight in Bombay for my Chambal work and come to Delhi just for two days. From here, I go to the Gandhi Ashram in Chambalghati.

I met Shri S.K. Patil in Bombay and referred to youth work. He 'faintly' remembered that some letter had come from you (Dr N.S.H.)! But he narrated your activities in the early 1920s. One thing that gets evident is that the only programme that could save the country from the crisis, occupies a low priority in the list of many of our elders. We have to build a force - constructive, no doubt - and only then will they start thinking.

Bhanu Kumar Nayak told me that he had sent you copy of his Seva Dal journal (Bombay) which carried your article. Sadhana and other journals and papers seem to have made news item of it and have not printed it in full.

I am writing to Srimanji. I am still toying with the idea of his offer to run camps at Sevagram for holding our meeting cum camp. Travelling will be the real problem.

Our Bombay programme is on October 2. After that, I can think of visiting some states. During this time the correspondence will go on.

Many friends in Bombay were enquiring of your health. I told them all that it is improving; I hope this process is on. Dr Vaidya

On train to Lucknow: 24 June

My dear Doctor

How I wish I had got early notice. Long before I got it I had programmed to Camp at the open air jail in Mungeli from June 30 to July 5. As you know it is a sensitive area and it will be improper to postpone it. On 29th, I hope to be in the Gorakhpur jail. Your family, yours, mine, yours Darshan Can not be neglected.

With this a letter for the BSD Executive meeting at 4 on June 30. I wish it all success. I also hope that having that friends around you will boost your health.

I have written to those who replied our first letter. Shri KK Shah has written a nice letter - asked me to convey his affectionate regards to you and goes on to say that "a non political disciplined youth organ is a must. Without which the country will go down...". Shri Dibakar has appreciated, has doubts if all that could be done.

In a way J.P.'s movement is picking up! His meetings are attended well. Yesterday people sat in heavy rains and listened him explain. I have no quarrel as ale with Jadhavji, but he have to fight the evils etc. But my one fear is that with the the shape of the revolution - repeatedly claimed ~~to~~ peaceful, if the only preparation for it is a series of speeches. It can lead to terrible frustration. But ~~today~~ the people, our men, feel frustrated that there is so much falsehood all around and nothing is being done. For them, J.P.'s movement can as a God sent.

No trouble with your breathing? Do you sleep well? No problems with diet - (leaving, of course, the untimely schedule which I am afraid will not be mended)

Love to all

Yours affectionately

26 June, 1974

My dear Shri Devaraj Urs,

Soon after his 85th birthday on May 7 this year, I had met the Vetaran Dr N.S. Hardiker at Ghataprabha near Belgaum. Age is against him and his health is not at its best.

As you and me and all of us, he is deeply distressed at the trend of things in the country, particularly at the fact that our youths in general have mostly gone astray.

As you will well remember, at a time in the early 1920s, when the situation among our youths was so desparate, Dr Hardiker with the support of Mahatma Gandhi and Pt. Jawaharlal Nehru, founded the Hindustani Seva Dal which in a short span of eight years, electrified thousands of our youths and canalised their energies for disciplined national service.

True 1974 is not 1923; true that today's youths are influenced by many more factors, Indian and foreign. But is it impossible or is it too late to do something? May be, Destiny has it that Karnataka should again take the initiative: it was at Belgaum in 1924 when Gandhiji presided over the Congress Session that the Hindustani Seva Dal made its impact on the country.

I have often felt -- and Dr Hardiker agrees that following independance, along with other constructive programmes like Khadi, village industries, Harijan work, prohibition, work among women, etc. etc., youth work also should have been entrusted to a government supported autonomous body. Today unfortunately, all the institutions that claim to work among youths, fall into two catagories: (a) those which are an appendix to government or (b) those which suffer an anti-government obcession. I think the youth movement should be more objective and dynamic.

Though, again unfortunately, the Bharat Seva Dal, presently active only in Karnataka, which began its work with the blessings of Pt. Nehru, Dr Hardiker, Gen. Kariappa and others; it does not seem to have had a continuous healthy growth. But it shows the direction, especially at a time when the youths feel they have no proper forum of their own.

Dr Hardikar and the B.S.D. have entrusted me with the work of exploring possibilities of spreading the message to other states. I have started it in a small way.

In my view, the first practical step would be for the Bharat Seva Dal in Karnataka to convene a well-organised conference and invite selected friends from other states. Let us have a thorough discussion.

(Contd..2.)

The ideal time, in my view is the Dussara period — the delegates will have the added attraction of Dussara, and the best venue - Vishwa Needam, who, I trust will also offer hospitality for a 3 day meet.

But all this will need your total support, moral and otherwise, if it were to succeed. If you agree, I will join you at the Delhi A.I.C.C. and we can meet some other Chief Ministers also.

With kind regards,

Yours affectionately,

(S.N. Subba Rao)

My dear Doctor,

I had your affectionate letter. Mark you, yes, I too am keen to spend one or two full days with you. The Bombay programme is on Dec 2. I am counting days with the dream of Rs 2 to 5 lakhs to become fact. In order that I may attend to other work, it is essential that my centres become a little self supporting.

In connection with my Chambal work and my Bombay programme, I had met Shri Uma Shankar Dikshit. At the outset, I told him of my meeting you and extended invitation to visit you. He remembered the name that approach and also said I had visited them when he lived at Kainad.

Dikshitji is one of those few Congress leaders with whom I did not come in close touch. In fact last night was the first such meeting I had with him in his chamber.

But our meeting was very cordial and I could give him all details. After all that he said, "I do not generally support institutions which I do not know well. But you are close to Dr H. etc and after listening to you, I will write a message.....
